This document is an abbreviated copy of the content of the web page, [FOIs Reveal That Health/Science Institutions Around the World \(220 and Counting!\) Have No Record of Sars-Cov-2 Isolation/Purification, Anywhere, Ever](#), by Christine Massey on her website.

The page is an account of the huge amount of responses to FOIA requests worldwide that have been amassed requesting records that describe the isolation/purification of the alleged "COVID-19 virus", as well as some links to related articles, PDFs, and videos.

This PDF version is abbreviated in that it does not contain the images of email pages shown on the webpage below each of the links to the email exchanges. I chose not to show them because many are very difficult to read in this format, and the better quality full size PDFs of each exchange can be found by clicking the links.

Please read Christine's introduction below for the full story and to better understand what's at the heart of these requests; exposing the reality that virology is an alleged science that is based on a theoretical particle that has never been shown to exist.

[Go [here](#) for FOIs on other imaginary “viruses”, [here](#) for FOIs on “virus” control experiments and [here](#) for FOIs on whether bacteria have been shown to CAUSE disease.]

Would a sane person mix a patient sample (containing various sources of genetic material and never proven to contain any alleged “virus”) with transfected monkey kidney cells, fetal bovine serum and toxic drugs, then claim that the resulting concoction is “SARS-COV-2 isolate” and ship it off internationally for use in critical research (including vaccine and test development)?

Because that’s the sort of fraudulent monkey business that’s being passed off as “virus isolation” by research teams around the world.

Just 1 of many examples is shown below – this is from a study [cited by the Australian Department of Health](#) as a paper “*which led to the isolation of SARS-CoV-2 in culture*”. (Can you spot the oxymoron in that quote?)

2.1 Cell culture of SARS-CoV-2 and electron microscopy

Vero/hSLAM cells (African green monkey kidney cells transfected to express the human signaling lymphocytic activation molecule (SLAM; also known as CDw150)¹ were grown at 37°C, 5% CO₂ in maintenance media consisting of 10mL Earle's minimum essential medium (EMEM), 7% fetal bovine serum (FBS) (Bovogen Biologicals, Keilor East, AUS) 2mM L-glutamine, 1 mM sodium pyruvate, 1500mg/L sodium bicarbonate, 15 mM HEPES and 0.4mg/ml geneticin to 95% confluency in 25cm² flasks. Prior to use for isolation, maintenance media was removed from the flask and 500µL of respiratory swab inoculum was overlaid on the cell monolayer. The flask was returned to the 37°C incubator to allow the virus to adsorb for 1 hour before addition of 10 mL viral culture media (EMEM as above but FBS reduced to 2%). Flasks were monitored for viral cytopathic effect and 140µL aliquots of supernatant removed every 48 hours to assess virus burden by TaqMan real-time RT-PCR. First passage culture grown virus isolate was subsequently shipped nationally and internationally in packaging compliant with UN 2814 Category A shipping requirements using credentialed, specialised courier services under the appropriate Australian government export approvals processes and receiving country import permissions.

If you're new to the topic of "virus isolation/purification", I strongly recommend that you begin by reading the Settling the Virus Debate Statement:

<https://drsambailey.com/resources/settling-the-virus-debate/>

and/or watch this [5 minute video](#) from Dr. Cowan.

Or go [here](#) for many more resources, and corroborating evidence.

Colleagues around the world and I (Christine) have been filing Freedom of Information "requests" to institutions in various countries seeking records that describe the isolation/purification of the alleged "COVID-19 virus" from any unadulterated sample taken from a diseased patient.

The reason: without the crucial step of isolation/purification having been performed (from many patients, followed by characterization, sequencing and controlled experiments),

there is no way to claim scientifically that the alleged “novel coronavirus” (blamed for widespread death/disease/lockdown measures) actually exists.

Without this step having been performed and followed by characterization, sequencing and controlled experiments, all claims of this alleged “virus” are nothing but wild speculation backed only by fraudulent science, fraudulent tests and fraud-based diagnoses. (I have done numerous interviews on this topic, which you can find near the bottom of this page.)

The “requests” filed by my colleague in NZ and I (and many of the other submitters) have **not** been limited to records of isolation performed by the respective institution, or limited to records authored by the respective institution, rather they were open to any records describing “COVID-19 virus” (aka “SARS-COV-2”) isolation/purification performed by anyone, ever, anywhere on the planet.

Thus far (November 26, 2023) 53 Canadian institutions
have provided their responses:

[Public Health Agency of Canada](#) (and another from [Public Health Agency of Canada](#), this one re the alleged “UK variant” aka “B.1.1.7” aka “Alpha”; and another from [Public Health Agency of Canada](#) re any alleged virus/variant, and another from [Public Health Agency of Canada](#) re ANY type of alleged virus at all), [Health Canada](#) (and another from [Health Canada](#); and another from [Health Canada](#)), the [National Research Council of Canada](#), [Vaccine and Infectious Disease Organization-International Vaccine Centre \(VIDO-InterVac\)](#), [Canadian Institutes of Health Research](#), [Natural Sciences and Engineering Research Council of Canada](#), [Patented Medicine Prices Review Board Canada](#), [Royal Canadian Mounted Police \(RCMP\)](#), [Public Health Ontario](#), [Ontario Ministry of Health](#) (and another from [Ontario Ministry of Health](#) re “delta variant”, [University Health Network](#), [Ontario Ministry of the Solicitor General and Ontario Provincial Police](#), [Alberta Ministry of Health](#), [Alberta Premier Jason Kenney](#), [his Office and Executive Council](#), [Calgary Police Service](#), [Institut National de Sante Publique du Quebec](#) (another from [Public Health Quebec](#)), [British Columbia’s Ministry of Health](#) (re “the UK variant”) (another from [British Columbia’s Ministry of Health](#)), [British Columbia’s Centre for Disease Control](#), [British Columbia’s Provincial Health Services Authority](#) (2 responses, 1 re “SARS-COV-2”, 1 re the alleged “B.1.1.7” aka “Alpha variant” aka “UK variant”), [Vancouver Coastal Health Authority](#) (re “B.1.1.7” aka “Alpha variant” aka “UK variant”), [Newfoundland Labrador Department of Health & Community Services](#), [New Brunswick’s Department/Ministry of Health](#), [McGill University](#), [University of Ottawa](#), [University](#)

[of Waterloo](#), [Dalhousie University](#), [University of Guelph](#), [University of British Columbia](#), the [City of Toronto](#), [Toronto Police](#) (and another from [Toronto Police](#)), [Halton Region](#), [Hamilton Police Service](#) (Ontario), [Halton Regional Police Service](#) (Ontario), the [Region of Peel](#) (Ontario), [Region of Durham](#) (Ontario); [KFL&A Public Health](#) (Kingston, Frontenac, Lennox and Addington, Ontario, re “any variant”), [Grey Bruce Health Services](#), [Grey Bruce Health Unit](#), [Simcoe Muskoka Health Unit](#), [Niagara Regional Police Service](#), [Peterborough Public Health \(Ontario\)](#) (and another from [Peterborough Public Health](#)), [Peterborough Police Service](#) (Ontario) (another from [Peterborough Police](#)), [City of Peterborough](#) (Ontario) [Aylmer Police Service](#) (Ontario) (and another from [Aylmer Police](#)), [Woodstock Police Service](#) (Ontario), [Sudbury Police Service](#) (Ontario), [Hastings Prince Edward Public Health](#) (Ontario), the [Town of Collingwood](#), [City of Welland](#), the [University of Toronto](#) (another from [U of Toronto](#)), [Sunnybrook Health Sciences Centre](#), [McMaster University](#) and [Mount Sinai Hospital](#) (Toronto) (note that researchers from the last 4 institutions had publicly claimed to have “isolated the virus”, as had VIDO-Intervac).

Every institution has failed to provide or cite even 1 record describing the isolation aka purification of the alleged “COVID-19 virus” directly from a patient sample that was not first adulterated with other sources of genetic material. (Those other sources are typically monkey kidney aka “Vero” cells and fetal bovine serum).

(And, to our knowledge, no one on the planet has ever purified the alleged “virus” even from a cell culture!)

In their responses, numerous institutions have made it explicitly clear that **isolation/purification is simply never done in virology**, and that “isolation” in virology means the exact opposite of what it means in everyday English. This is also evidenced in every “virus isolation” paper we have ever seen, for any alleged “virus”.

For some insight into what’s really going on:

[Canadian public health officials have no record of SARS-COV-2 isolation/purification performed anywhere, ever](#)

(Note: **Sébastien Grammond**, a man who acts as “Federal Court judge” here in Canada, has concocted a bogus “confirmation” that “SARS-CoV-2 virus is real” – based on zero valid science and despite knowing of that all 138 institutions listed in [my affidavit](#) had failed to cite even 1 example of the alleged virus having been purified from any patient sample on the planet. Why waste time on science or logic when you can simply “accept” the “*Attorney General of Canada’s invitation to take judicial notice that the virus is real*”? Sounds perfectly legit. “Noticing” widespread beliefs is so much better than reviewing the pertinent facts.)

Posted November 8, 2022. Certain people persist in making false/misleading statements about the worldwide collections of FOI requests for records describing isolation / purification of the fake SARS-COV-2 virus (and fake viruses in general). Here is a link to a very recent example:

[Response to gaslighting about the “virus” isolation/purification FOI requests](#)

Posted November 25, 2023. A FOIA request was sent to the **U.S. Centers for Disease Control and Prevention** and the **Agency for Toxic Substances and Disease Registry** for all studies/reports **scientifically demonstrating contagion of any respiratory disease**. Latest in long string of CDC "germ" FOI failures:

[CDC can't find any studies demonstrating contagion of colds/flu/fake-covid... because they don't exist](#)

PLEASE SHARE THESE DOCUMENTS FAR AND WIDE

As of December 4, 2023: **220 institutions and offices in 40 countries** have responded thus far, as well as some “SARS-COV-2 isolation” study authors, and none have provided or cited any record describing actual “SARS-COV-2” isolation/purification. All of the responses in our collection are available from this page.

Below (and [here](#)) is an updated and simplified 1 page notarized declaration re the “virus” FOIs. It speaks for itself. Feel free to share it.

Declaration

prepared for the benefit of man and specifically courtenay-adam-lawrence Attorney of Record

my name is christine; i communicate in everyday English not legalese; i do not consent to contract or joinder or grant power of attorney or act as surety or trustee; my home is at Brampton, Ontario; i am fully competent to make this declaration and do so voluntarily; statements herein are based on my own knowledge/experience; the following is true:

1. i have worked professionally as a biostatistician with a master's degree in biostatistics earned at the Dalla Lana School of Public Health, University of Toronto;
2. i have filed “freedom of information” (FOI) “requests” for all studies/reports in the possession/custody/control of “health”/“science” institutions (“ministries of health”, universities, public health units, etc) that describe purification of the alleged “SARS-COV-2” by anyone anywhere from the bodily fluid/tissue/excrement of any diseased man/woman; such is necessary for valid sequencing and scientific proof of a “virus”;
3. i required that if any record held by the institution in question matched my “request” but was currently available to “the public” elsewhere, i be given enough detail so that i could identify and access it;
4. i filed FOI “requests” for same and for scientific proof of existence of dozens of other alleged “viruses” including “HPV”, and collected FOI responses obtained by others;
5. as of June 23, 2023, as documented/shown on my own website, 52 Canadian institutions and 164 institutions in 39 other countries have been queried about “SARS-COV-2” and all failed to provide or cite even 1 responsive record, thus demonstrating inability to prove existence; queries for other “viruses” also yielded no responsive records; all of this documentation is freely available to anyone;
6. these failures align with all of the many “virus” studies i reviewed – virologists haven’t implemented scientific method and successfully shown “virus” existence; rather they engage in pseudoscience, logical fallacies, assumptions;

(Yes, we are aware of the many publications wherein authors claim to have “isolated the virus”. We’ve looked at numerous such studies and have yet to see one where they actually did so. Claiming to have done something and actually doing it are sometimes 2 different things, even in peer-reviewed science.

And yes we are aware of the many published alleged “SARS-COV-2 genomes” – these were in fact manufactured, not discovered.

And yes we are aware that EM photos have been published, allegedly of “the virus”, however a photo of something does not tell you what the thing is, where it came from or

what it does. One has to scrutinize the Methods used to “isolate the virus” / obtain said photos / obtain alleged genomes, and that is when absolutely **everything** falls apart with “COVID-19” (and virology in general).

FOI responses from institutions in the U.S., India, Republic of South Africa, New Zealand, Australia, U.K., England, Scotland, Wales, Ireland, Denmark, Norway, Finland, the Netherlands, Sweden, Spain, European CDC, Slovenia, Czech Republic, Ukraine, Colombia, Uruguay, Italy, Portugal, Brazil, Republic of Colombia, Argentina, Ilse of Man, Phillipines, etc., plus emails from Germany’s Robert Koch Institut (RKI) and several “virus isolation authors”.

A big **Thank You** to all the individuals who have now kindly shared additional responses that they obtained re isolation/purification/existence of “SARS-COV-2”. Some prefer to remain anonymous, others are named below.

Ok, here we go.

Below are SARS-COV-2 FOI responses from >150 institutions outside of Canada.

The **World Health Organization** failed to respond to my FOI-type query sent on February 22, 2022 seeking any records that describe any alleged “**SARS-COV-2**” being found in the bodily fluid/tissue of anyone on Earth and purified, by anyone, anywhere, ever… in order for “it” to be sequenced, characterized and studied with controlled experiments (aka “science”):

https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/W.H.O.-request-SARS-COV-2_-purification.pdf

November 28, 2022:

A colleague in Japan required of the people at **World Health Organization** to provide/cite any record of the imaginary **SARS-COV-2** being found in and purified from any sick person on the planet, in order for “it” to be sequenced, characterized and studied with controlled experiments aka science. But instead, they directed her to a useless webpage about a global database of public “health” and “social” measures applied during the imaginary pandemic:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/02/WHO-Nov-2022-PACKAGE-redacted.pdf>

As this next link you will see a “no records of SARS-COV-2 isolation/purification” FOI response from the U.S. Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR), dated November 2, 2020, obtained by **Michael S.** in NZ:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/USA-CDC-Virus-Isolation-Response-Scrubbed.pdf>

On **March 1, 2021** once again **the CDC** made clear to my colleague in NZ that they still have no records of “SARS-COV-2” isolation performed by anyone, anywhere on the planet, ever… just not in so many words. Instead, the CDC absurdly implied that isolation of “SARS-COV-2” would require the replication of a “virus” without host cells and thus is impossible.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/CDC-March-1-2021-SARS-COV-2-Isolation-Response-Redacted.pdf>

March 3, 2021: CDC again failed to provide/cite any records describing “SARS-COV-2” isolation/purification by anyone anywhere ever… BUT would no longer simply say so (as they did back on November 2nd); instead they gave my colleague in NZ some song and dance and cited their own fraudulent study (by Harcourt et al.):

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/CDC-March-3-2021-SARS-COV-2-purification-FOI-response.pdf>

June 7, 2021: CDC admitted they have no record of “**SARS-COV-2**” purification from a patient sample via maceration, filtration and use of an ultracentrifuge, by anyone, anywhere, ever:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/CDC-FOIA-request-response-no-records-SARS-COV-2-purification.pdf>

September 1, 2021:

Yet another FOIA response from **the CDC** where they failed to provide or cite even 1 record of the alleged “**COVID-19 virus**” aka “**SARS-COV-2**”, or any “**variants**” having been purified from any patient sample on the planet, by anyone, anywhere, ever:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/CDC-Sept-1-PACKAGE-redacted.pdf>

September 8, 2021: Another FOIA response from the **CDC** re purification of the phantom “SARS-COV-2”. This time, CDC cited a paper wherein the authors never even claimed to have purified any “virus” themselves, and instead falsely stated that: “*SARS-CoV-2 was isolated in Vero cells ... (8)*” [oxymoron]. [CDC’s reference #8 is the infamous Harcourt et al. study.]

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/Sept-8-2021-CDC-package.pdf>

October 26, 2021:

The **U.S. Centers for Disease Control and Prevention** once again failed to provide or cite even 1 record of “SARS-COV-2” purification, by anyone, anywhere on the planet:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/11/CDC-2021-10-23-SARS-COV-2-v3-BS-redacted.pdf>

April 1, 2022:

The U.S. National Institutes of Health failed to provide or cite even 1 record of the alleged “SARS-COV-2” (or any alleged “variant”) having been purified from the bodily fluid/tissue/excrement of any patient on the planet, by anyone, anywhere, when responding to a request for records in the custody of the CDC, and they bizarrely and inaccurately stated that the request was “improper”. Full letter:

Pdf: <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/04/CDC-2022-PACKAGE-redacted.pdf>

November 17, 2022:

CDC could not provide/cite any record of the alleged SARS-COV-2 being purified even from a cell culture, instead they cited irrelevant studies and webpages:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/11/CDC-purified-from-cell-culture-PACKAGE-redacted.pdf>

October 20/21, 2022:

The people at **CDC** were challenged to provide/cite scientific proof of the existence of the **alleged SARS-COV-2 or the alleged HIV** based on controlled experiments using purified particles. They could not, since none exists, so instead they provided useless links for HIV, not even purporting to show controlled experiments. For SARS-COV-2 they gave the same paragraphs that they've been giving people for the last year or so, with links to more useless studies and webpages.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/11/CDC-SARS-COV-2-HIV-scientific-proof-PACKAGE-redacted.pdf>

December 16, 2022:

The **U.S. Centers for Disease Control and Prevention** was unable to provide any record of the alleged SARS-COV-2 **spike protein** being found in anyone and purified (as opposed to "recombinant" "spike protein" being **created** in a lab and then studied, as though that reflects something going on in actual people); and so they responded as though this was another FOI regarding the fake virus, and provided the same useless paragraphs that they've been giving people for the past year or so:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/12/CDC-no-purified-spike-protein-PACKAGE-to-Dec-16-redacted.pdf>

February 14, 2023:

Once again, the people at the **U.S. Centers for Disease Control and Prevention** were unable to provide any record of the **alleged SARS-COV-2 spike protein** being found in anyone and purified. (I specifically ruled out studies where "recombinant" "spike protein" was created in a lab in order to be studied, because those studies can't provide any evidence of the alleged "SARS-COV-2 spike protein" actually existing in people, i.e. people with the fraudulent covid diagnosis, or people who received the fake mRNA vaccines, or anyone at all.):

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/02/CDC-spike-protein-PACKAGE-redacted-2023-02-14.pdf>

March 21, 2023:

Roger Andoh acting as FOIA Officer in the Office of the Chief Operating Officer, **CDC**

confessed that the CDC doesn't even have a study where authors did either of the following:

1) tested for the alleged **"SARS-COV-2 spike protein"** in the blood of "vaccinated" and "unvaccinated" people, and compared the results – to look for evidence that the "mRNA" quackcines cause bodies to create the protein

2) compared the antibody levels for "vaccinated" people and people injected with other toxins (i.e. other quackcines), to assess **specificity of antibodies**.

March 2, 2023: **U.S. Centers for Disease Control** can't prove the existence of **"SARS-COV-2 spike protein"**

Roger Andoh, acting as FOIA Officer in the Office of the Chief Operating Officer, **CDC** and **Agency for Toxic Substances and Disease Registry**, confessed that these institutions have zero proof of the existence of the alleged "SARS-COV-2 spike protein", this time to my colleague Louis Stephen.

Also, in this response, Roger evaded:

- a request for proof of claims regarding so-called "SARS-COV-2" antibodies,
- a request for documentation explaining why it's necessary to use synthetic rather than natural (alleged) mRNA in covid jabs,
- a request for documentation explaining why it's necessary to use monkey kidney cells to (allegedly but not really) grow a "virus" that supposedly infects human lungs, etc.:

[Someone kindly forwarded another FOI response from the CDC dated December 30, 2020 re the alleged **2003 "SARS-COV-1" and all "common cold coronaviruses"** – the **CDC has no record of any having been isolated**:

September 13, 2022:

Some anonymous man or woman in the Public Records Office at **University of North Carolina at Chapel Hill** provided unhelpful documents that do not contain scientific evidence of the alleged **SARS-COV-2**, and confessed that there are no other documents relevant to the request:

December 10, 2021:

U.S. Department of Labor / Occupational Safety and Health Administration (OSHA) admitted they have no record describing purification of any “COVID-19 virus” (aka “SARS-COV-2”, including any alleged “variants”) from any patient sample on the planet, by anyone, ever:

September 3, 2021: Fauci’s **National Institute of Allergy and Infectious Diseases (NIAID) / National Institutes of Health**, in response to a request for records that demonstrate that NIAID or NIH has a physical sample of purified “SARS-CoV-2”:

- conflates isolation/purification with growth of the imaginary virus in cell culture,
- provides irrelevant, distracting comments re Koch’s Postulates,
- cites useless, irrelevant studies and webpages, and fabricated computer “genomes”, and -confirms that virology isn’t a science.

March 11, 2022:

The **U.S. Department of Health and Human Services** confirms that **Vivek Murthy, the man who acts as “Surgeon General”**, has no record describing anyone on Earth finding and purifying the alleged “SARS-COV-2” (the alleged “COVID-19 virus”), or any alleged variant thereof, from the bodily fluids of any diseased human.

August 19, 2021:

The **U.S. Department of Health and Human Services** cited useless, irrelevant studies and webpages, and fabricated computer “genomes” in response to an FOIA request for “*Records that demonstrates the US Department of Health and Human Services has a physical sample of the isolated and purified SARS-CoV-2 virus...*”

June 24, 2021 FOIA response:

Anthony Fauci's **National Institute of Allergy and Infectious Diseases (NIAID)** failed to provide/cite any record of "SARS-COV-2" purification from a patient sample by anyone, anywhere.

NIAID referred me to the anti-science CDC study by Harcourt et al., even after I'd advised them of CDC's [June 7, 2021](#) 'no records' response. I have appealed to NIAID's FOIA Public Liaison.

The communications between myself and NIAID are provided here:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/NIAID-FOIA-package-redacted.pdf>

The CDC study cited by NIAID did not purify anything from a patient sample. It is the same study that Dr. Thomas Cowan wrote about in 2020 ("[Only Poisoned Monkey Kidney Cells 'Grew' the 'Virus'](#)") where he also addressed the fraudulent nature of the authors' fabricated "SARS-COV-2 genome" (as shown in the screenshot below).

Previously, in 2020, Ron Bublitz had already asked the **U.S. National Institute of Allergy and Infectious Diseases (NIAID)**, **National Institutes of Health (NIH)** the question shown below. His correspondence is posted at the following link, along with the evasive response provided by the NIH/NIAID Section Chief for Controlled Correspondence and Public Inquiries, Legislative Affairs and Correspondence Management Branch. Pdf showing the text and a photo of the actual emails: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/NIAID-reply-to-Ron-Bublitz-re-SARS-COV-2-isolation.pdf>

Ron kindly provided a screenshot of his communications with NIAID, shown below.

Note that **NIH/NIAID failed to answer any of Ron Bublitz's questions** and merely cited [the same CDC study](#) by Harcourt et al. mentioned above that indulged in the typical fraudulent "monkey business" approach to so-called "isolation" – as shown in the screenshot below).

June 10, 2022: Julia Spiegel, woman who acts as Deputy Legal Affairs Secretary under **Gavin Newsom**, the man who acts in **California's Office of the Governor**, confessed to Kristen Welch that they have no record describing any alleged "**SARS-COV-2**" (or "variant") being found in the bodily fluid/tissue of anyone on Earth and purified... by anyone, anywhere, ever... in order for "it" to be sequenced, characterized and studied with

controlled experiments (aka “science”):

January 27, 2022:

Washington State Department of Health provided “installment #1” of records allegedly-but-not-really responsive to a FOI for studies in which alleged “SARS-COV-2” was found in the bodily fluid/tissue of sick people and purified.

“Installment #1” is sci-fi comedy having nothing whatsoever to do with purification or a virus, titled “SARS-CoV-2 Sequencing and Variants in Washington State”.

It begins: *“Next generation sequencing is a set of laboratory methods that scientists use to scan a viral genome to determine the genome sequence of a virus.”*

Watch out for the sequel due July 25, 2022!

The department also confessed that its lab: *“has not attempted to isolate SARS-CoV-2 from any specimen or matrix. Nor does the PHL have in its possession isolated viable SARS-CoV-2 virus. The WAPHL performs diagnostic testing that is PCR based… Next generation sequencing is performed on SARS-CoV-2 positive patient samples using extracted genomic material, not virus isolates.”*

November 25, 2021:

Kate Wilson, acting for **Multnomah County Health Department, Portland, Oregon** confirmed that a thorough search yielded no record of anyone on Earth having found and purified the alleged “SARS-COV-2” (via maceration, filtration and ultracentrifugation) from any bodily fluid/tissue of any sick person, anywhere, ever:

March 11, 2022:

University of Illinois confirmed for Natalia Litbarg, MD that: the university’s records custodians who, due to the nature of their work might have had records describing someone on Earth finding the alleged “**SARS-COV-2**” in the bodily fluids of a diseased host and purifying “it”, could not identify any such records:

May 18, 2022:

Jorge Perez, the man who acts as Deputy Health Officer, Public Health Investigation, **Los Angeles County Department of Public Health**, confessed to [Kristen Welch](#) that there are no records of the alleged **SARS-COV-2** being found in the bodily fluid/tissue of anyone and purified... by anyone, anywhere, ever... but apparently he is OK with the fact that virologists have no independent variable to use in any “virus” experiment and he thinks that “the county” has the “right” to terrorize people with their “doctrine”:

Switzerland:

November 2021: **Federal Office of Public Health (FOPH)**

January 2022: **Institute of Virology and Immunology (IVI)**

Both failed to provide or cite, for the man inquiring, even 1 record of “SARS-COV-2” being found in the bodily fluids of any sick human and purified (which would be necessary so that “it” could be sequenced, characterized and studied with controlled experiments to determine if “it” actually exists):

Larry Stinson, who acts as Director of Operations for the so-called “non-profit”

Peterborough Public Health (PPH), confirmed that PPH and **Thomas Piggott, the man who acts as Medical Officer of Health**, have no record describing anyone on Earth finding and purifying any alleged SARS, H5N1, H1N1, MERS, Ebola, or SARS-COV-2 “virus” from the bodily fluids of any diseased human, ever... or any study that in Thomas’ opinion proves the existence of any of those alleged viruses... despite Thomas’ claim of having lived through all these alleged outbreaks:

Sarah B. Kotler, J.D. She also failed to answer my question re what she will do with the knowledge that no one on the planet has any proof of “the virus”, despite being a “public servant” working for an agency that has been rubber-stamping all manner of “COVID-19” devices, injections, etc. She also called me “rude”, meanwhile she appears quite content to go along with worldwide fraud and violations of the Nuremberg Code:

August 20, 2022:

July 28, 2022:

Some anonymous man or woman working in the Regulation and Ethics Department of the **National Agency for the Safety of Medicines and Health Products, France** aka **L’Agence Nationale de Sécurité du Médicament et des produits de santé (ANSM)** responded to my FOI for records of anyone on Earth finding and purifying the hypothesized covid virus from any bodily fluid/tissue of anyone on the planet. According to my colleague Marc Gray’s translation, this man or woman indicated that the ANSM is not authorized to verify the existence of alleged viruses unless doing so is “*necessary in*

the context of a request concerning a drug or a micro-organism”, which according to them is not the case with their “pandemic” activity. “The requested documents do not exist within the ANSM” and science “does not fall within the scope of competence of the ANSM”. So good to know.

December 9, 2021:

10 short months is all it took for the **New York State Department of Health** to provide William Huston with a meaningless list of imaginary “SARS-COV-2” variants in response to his request for records indicating that “the virus” has been isolated. <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/Commonwealth-of-Massachusetts-Dept-of-Health-package.pdf>

November 08, 2021:

Another no-records confession from Gillian Haney, MPH Director of the Division of Surveillance, Analytics and Informatics (DSAI), Bureau of Infectious Disease and Laboratory Sciences, **Massachusetts Department of Public Health:**

September 2, 2021: The **Commonwealth of Virginia Department of General Services** provided allegedly responsive records that contained zero descriptions of “SARS-COV-2” purification from any patient sample on the planet, by anyone, anywhere. The allegedly (but not really) responsive records are 1): the CDC’s 2019-Novel Coronavirus (2019-nCoV) Real-Time RT-PCR Diagnostic Panel, and 2) ThermoFisher TaqPath™ COVID-19 Combo Kit Procedure for the Detection of 2019-nCoV RNA by RTPCR.

September 1, 2021: The **Pennsylvania Department of Health** confirmed they have no record of “SARS-COV-2” purification from any patient sample on the planet, by anyone, anywhere:

August 13, 2021: The General Counsel and FOI Officer for the **Washington DC Department of Health** confirmed for the requester that the Department has no record describing the purification of any “COVID-19 virus” (aka “SARS-COV-2”, including any alleged “variants” i.e. “B.1.1.7”, “B.1.351”, “P.1”) directly from a patient sample. Full communication:

August 18, 2021: **California's Department of Public Health** confirmed for Kim Leonoudakis that they have no record of "SARS-COV-2" (including any "variants") having been purified from any patient sample on the planet and no analysis whatsoever re the alleged "Delta variant":

May 20, 2022:

California Department of Public Health admitted to [Kristen Welch](#) that they have no record of any alleged "SARS-COV-2" (or scariant) having been found in and purified from the bodily fluid/tissue/excrement of any diseased human on the planet (in order for "it" to be sequenced, characterized and studied with controlled experiments) by anyone, anywhere, ever.

California's Department of Public Health confirmed for Robin that they have no record of "the virus" (including any "variants") having been purified from any patient sample on the planet, by anyone, anywhere.

August 9, 2021: The **Arkansas Department of Health's** Deputy General Counsel advised Dr. James W. Smith that the Department has no record describing the purification of any "SARS-COV-2" (including any scariants) from any patient sample on the planet, by anyone, ever, via filtration and ultra-centrifugation. He did however provide 2 emails re "looking for COVID 19 in wastewater" – lol. Dr. Smith will be following up to request that the response be provided in a formal, signed and dated letter with a file number. Full correspondence:

After a series of Freedom of Information requests beginning in April 2020 failed to yield any satisfactory response, Ricardo Maarman (working alongside [Dr. Faiez Kirsten](#)) challenged the **South African government** in the Western Cape High Court in May 2021

to provide proof of “the virus” that allegedly justifies that government’s devastating lockdown measures.

(More specifically, Ricardo challenged the President, the National Department of Health, the Governmental COVID-19 Advisory Committee and the Minister of Co-operative Governance and Traditional Affairs. And the responding affidavit was authored primarily by the Acting Executive Director of South Africa’s National Institute for Communicable Diseases.)

The government failed to provide proof or even compelling evidence, and on pages 29+ of their [responding affidavit](#) (starting on page 31 of the pdf) revealed that they have relied on a “well established” but unscientific approach to “virus isolation”.

The SA government’s affidavit artfully implies that Koch’s Postulates (or a variation therefore) have been fulfilled for the alleged “virus” when in fact none of them have been. It contains no mention of **purification** of the particles that have been shown in EM images (within cell cultures, never purified or in patient samples!) alleged to be “the virus”, or the characterization or sequencing of purified particles, or any controlled experiment involving purified particles.

And the SA government’s discussion of the Bradford-Hill criteria glosses over the fact that these criteria **presuppose** the existence and valid measurement of the potentially causative factor under investigation, when the reality is that no test ever has been or could have been validated for the never-purified, never-characterized, never-sequenced particles alleged to be “the virus”.

The judge ruled that the matter is **not urgent** and struck the matter from her roll. Ricardo will be pursuing this further. The notice of motion, [hearing transcript](#), [court ruling](#), other documentation and interviews about this case are posted on a dedicated website:

<https://www.showusthevirus.info>.

A **Lisbon court document** dated May 19, 2021 is posted on the website of [Andre Dias, PhD](#) (as reported by Celia Farber at “The Truth Barrier,” celiafarber.substack.com).

The court document’s URL is <https://andre-dias.net/wp-content/uploads/Fwd-Sentenca.pdf> (and we have backed it up at <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Portuguese-court-ruling.pdf>).

According to Ms. Farber’s published June 28, 2021 email interview with Dias, who is an expert in lung disease modeling, the court ruling is in regards to a citizen’s petition to the Ministry of Health, “*equivalent to a Freedom of Information Request…that ended up in*

court – with epidemiological and statistical queries“, and “***the court also formalized that the ministry has no data or references about the existence of the virus...***”

Ms. Farber advises that an English translation of the court ruling is in the works and will be shared on her website once it's prepared. Below is a screenshot from the original document showing some of the questions that had been posed to Portugal's Ministry of Health, for which they apparently had no answers.

July 2021: **Brazil's Ministry of Health** provided/cited zero records of “SARS-COV-2” purification for the FOI submitter, Marcella Picone. The Ministry initially claimed that the request (that the rest of world understood just fine) was unclear, but also admitted “information non-existent”. In their 2nd response to Ms. Picone they explained that they have been following research conducted by other countries. See ps 2, 13, 14. Full responses:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/Brazil-Ministry-of-Health-package.pdf>

The **Brazilian Health Regulatory Agency (Anvisa)** is an FDA-like quackcine-approver. In their FOI response to Marcella Picone, they explained that they have no record of “SARS-COV-2” purification and are not required to by law, thus it is (in their minds) not their obligation to make sure that “the virus” actually exists. Full communication:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/Brazil-ANVISA-package.pdf>

At the next link (from the [website](#) of award-winning investigate journalist Torsten Engelbrecht and co-author of the book [Virus Mania](#)) is an email from [Dr. Michael Laue](#), Head of the Consultant Laboratory for Diagnostic Electron Microscopy of Infectious Pathogens at **Germany's Robert Koch Institut (RKI)**, an institute “*within the portfolio of the Federal Ministry of Health*” and responsible for disease control and prevention:

https://www.torstenengelbrecht.com/wp-content/uploads/RKI_noSARSCoV2purification-1.pdf

The link for the Turonova et al. abstract, provided by Dr. Laue in the email above, is [here](#); the full text of the paper is here: [In situ structural analysis of SARS-CoV-2 spike reveals flexibility mediated by three hinges](#)

The **starting point** for this paper is a so-called SARS-COV-2 isolate named “MUC-IMB1” (referred to simply as “MUC-1” in the paper's [supporting materials](#)). Turonova et al.

credit G. Dobler of the Bundeswehr Institute for Microbiology for providing them this “isolate”.

I contacted Dr. Gerhard Dobler to confirm details about “MUC-1” (which goes by several different names including Germany/BavPat1/2020), and it turns out that MUC-1 is another result of the monkey-business methodology cited at the top of this page. (The emails and more details are posted here: [MUC-1 aka MUC-IMB1: just more Corman/Drosten monkey business fraud](#).) MUC-1 is not isolated/purified “virus” nor was it ever shown to contain any “virus”.

Also on Torsten Engelbrecht’s website are links to email responses from authors of “SARS-COV-2” studies, starting with the Zhu et al paper cited above by Dr. Michael Laue. **None** provided any evidence or assurance re purification of “the virus”. The following is copied and pasted from Torsten’s homepage:

“Na Zhu et al. (*NEJM*): “[We show] an image of sedimented virus particles, not purified ones” ([see Email](#)).

Leo L. M. Poon; Malik Peiris (*Nature Medicine*): “The image is the virus budding from an infected cell. It is not purified virus” ([see Email](#)).

Sharon R. Lewin et al. (*The Medical Journal of Australia*): ““The nucleic acid extraction was performed on isolate material recovered from infected cells. This material was not centrifuged, so was not purified through sucrose gradient to have a density band as such. The EM images were obtained directly from cell culture material” ([see Email](#)).

Myung-Guk Han et al. (*Osong Public Health and Research Perspectives*): “We could not estimate the degree of purification because we do not purify and concentrate the virus cultured in cells” ([see Email](#)).

Wan Beom Park et al. (*Journal of Korean Medical Science*): “We did not obtain an electron micrograph showing the degree of purification” ([see Email](#)).”

January 13, 2021: **Norway's Ministry of Health and Care Services** failed to provide or cite any record of "SARS-COV-2" isolation from a sample from a symptomatic patient, where the sample was not adulterated with additional genetic material, by anyone anywhere, for the requester Martiens Bekker. Request and response with English translation:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Norway-Ministry-of-Health-cites-no-records.pdf>

April 25, 2021: the **Norwegian Directorate of Health** (which is under the Ministry of Health and Care Services) failed to provide or cite even 1 record of "SARS-COV-2" purification from a patient sample, by anyone, anywhere, and provided a silly excuse instead:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Norwegian-Directorate-of-Health.pdf>

May, 2021 **Uruguay's Clemente Stable Biological Research Institute** (under the Ministry of Education and Culture) and the **Faculty of Chemistry, University of the Republic** provided/cited no records of "SARS-COV-2" purification, by anyone anywhere, for requester María Bettina Galo. Both responses:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Uruguay-Clemente-Stable-Biol-Research-Inst-Min-Edu-and-Culture-Faculty-of-Chem-U-of-Repub-no-records.pdf>

June 7 2021: **Uruguay Ministry of Public Health** failed to provide or cite for requester María Bettina Galo any record of "SARS-COV-2" purified from a patient sample, by anyone, anywhere, ever and claimed they can't understand the request:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Uruguay-Ministry-of-Public-Health-of-Res-377-2021.pdf>

Once again, **Uruguay Ministry of Public Health** was queried by María Bettina Galo re "SARS-COV-2" purification. The answer: "*We are not aware that SARS COV 2 has been cultivated*"... even though Bettina hadn't asked about "cultivation", which is the opposite of purifying anything.

See page 20:

January 13, 2023:

Oregon Health Authority refused disclosure of all unpublished records re 21 queries re imaginary “SARS-COV-2”

A colleague sought records containing info about the “**Oregon Health Authority’s**” purported investigation into the imaginary “virus”, from 21 different angles; Jeanne Windham, a woman acting as Public Records and Internal Litigation Process Coordinator, insisted that all “*information obtained by Oregon Health Authority or a local public health administrator in the course of a reportable disease or disease outbreak investigation… is confidential under state law*”… which sounds just a tad fishy, especially considering that covid “cases” are fraudulently classified as such based on *tests that don’t test for a virus* (as David Icke calls them) and which cannot detect any disease, reportable or otherwise, and that the alleged reportable *coronavirus* disease has – along with “the virus” – never been shown to exist;

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/05/Oregon-Health-Authority-many-issues-PACKAGE-redacted.pdf>

March 30, 2021: **Oregon Health Authority** confirmed they have no record re purification of any “SARS-COV-2” from any patient sample in the world: See the full wording of the request, and response:

May 22, 2021: **Ministry of Health and Social Protection, Republic of Colombia** admits they have no record re purification of “SARS-COV-2” from a patient sample, by anyone anywhere. Full letter:

January 31, 2022:

Indian Council of Medical Research (ICMR, “the apex body in India for formulation, coordination & promotion of biomedical research”) confirmed for the requester that they have no record of “SARS-COV-2” being found in the bodily fluids of any sick human and purified (which would be necessary so that “it” could be sequenced, characterized and studied with controlled experiments to determine if “it” actually exists):

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/02/ICMR-Jan-2022.pdf>

February 14, 2022:

ICMR confirmed for another requester that they have no physical sample of purified “SARS-COV-2”:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/02/ICMR-Feb-2022.jpg>

December 7, 2021:

“There is no methodology to purify the SARS-COV-2 directly from the clinical specimens of patients until the virus is isolated using in vitro or in vivo methods”, said no coherent man or woman ever. Nevertheless, this is the latest response from **Indian Council of Medical Research** (*“the apex body in India for formulation, coordination & promotion of biomedical research”*) to a request for records of purification.

And, *“considering the biosecurity aspects, the records of the clinical specimens, isolates of SARS-COV-2 in the possession, custody or control of ICMR-National Institute of Virology – Pune cannot be shared publicly.”* Mkaay.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/ICMR-Dec-2021-CantPurifyWithoutIsolating.pdf>

May 3, 2021: **Indian Council of Medical Research** (ICMR, “the apex body in India for formulation, coordination & promotion of biomedical research”) has failed to provide/cite any record of “SARS-COV-2” purification for the requester (who asked to keep both their name and file # private); instead they cited a typical example of “monkey-business” fraud – exactly what the requester had asked **not** to receive.

Note that ICRM has fraudulently claimed to have isolated “the virus” and the imaginary UK scariant, to have been tracking “the virus” across India, has developed a COVID-19 quackcine, shares ownership rights on the quackcine and is a member of guess WHO’s [Global Health Workforce Network](#).

The 1 record cited by ICMR is a [correspondence](#) entitled *“First isolation of SARS-CoV-2 from clinical samples in India”* published in the *Indian Journal of Medical Research* which is a journal published for the ICRM. According to the correspondence *“The designated COVID-19 testing laboratories …referred the specimens …to the Indian Council of Medical Research-National Institute of Virology (ICMR-NIV), Pune, after screening for envelope (E) gene by realtime RT-PCR was done.”* Three of of co-the authors are affiliated with ICRM.

ICMR's full response:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/India-Council-Medical-Research-request-reply-redacted.pdf>

Yash, the requester for the above FOI to ICMR, then appealed the ICMR's response, pointing out that the study cited by ICMR was exactly what he had specified he was **not** requesting (because it has nothing to do with isolating/purifying an alleged "virus").

The July 12, 2021 response to his appeal: "*The reply provided to the applicant is in order and satisfactory.*"

Yash's appeal and response:

June 28, 2021, the **Indian Council of Medical Research** (ICMR) once again fails to provide/cite any record of "SARS-COV-2" purification and cites more "monkey-business" fraud, this time through their **National Institute of Virology**. Note the World Health Organization logo and reference in the footer of the letter. Here is the URL for the image:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/India-ICMR.jpeg>

Next is a 2nd FOI response of June 28 2021 from the **Indian Council of Medical Research** failing again to provide/cite any record of "SARS-COV-2" purification and citing the same anti-science papers, this time in response to requester Trinayan Das. ICMR was also asked additional questions re PCR, and responded that it is the "gold standard" for detection ("very accurately"! "confirms the presence"!!). Full response:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/ICMR-June-28-2.pdf>

April / June 2021:

India's Council of Medical Research twice failed to provide or cite any record proving contagion of "COVID-19" or causation by "the virus", for the requester:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/ICMR-contagion-causation-PACKAGE-redacted.pdf>

August / September 2021:

India's Council of Medical Research (ICMR, "the apex body in India for formulation, coordination & promotion of biomedical research") twice failed to provide or cite any

record of “**Delta variant**” purification for the requester:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/ICMR-Delta-Purification-2x-PACKAGE-redacted.pdf>

September 14, 2021:

Institute of Organic Chemistry and Biochemistry of the Czech Academy of Sciences (Ústav organické chemie a biochemie AV ČR, v. v. i. (Prague)) advised that they have never purified the alleged COVID-19 virus from any patient sample, but convinced themselves they had a sample of “it” by fabricating a “genome” from RNA sequences found in their monkey cell culture. <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/10/Czech-UOCHB-FOI-ANSWER-14.9.2021.pdf>

I personally cannot read these Czech documents, but was told:

Univerzita Karlova: *“This from the No.1 university in Czech R. As answer, they inform us, that “there is broad **consensus** in the international scientific community” about precise RNA sequence of SARS-Cov2, about its chemical and protein structure and it causing COVID19.”*

Thus Univerzita Karlova failed to provide any record proving the purification or existence of “the virus”:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Czech-university.pdf>

Czech Ministry of Health: *“This is the response of Czech ministry of health. When a proof of existence of the SARS-Cov2 virus was requested…”*

The references cited by the Ministry are in English and do not describe purification of an alleged virus, let alone scientific study of such. Full letter:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Czech-ministry-of-health.pdf>

I personally cannot read this next document from the **Ukraine’s Ministry of Health** dated March 15, 2021, but am told that the Ministry stated here that they do not have any “SARS-COV-2” isolate, nor do they intend to obtain any.

August 24, 2021: **Sweden’s Public Health Authority** also can’t find “the virus”. [John Blaid](#) submitted a formal FOI request to for records describing purification of “the virus” from any patient sample (not adulterated with genetic material, i.e. monkey cells, fetal bovine serum) on the planet, by anyone, anywhere. The response: “*No, no such*”

documents exist.” Full correspondence:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/Sweden-Public-Health-Authority-FHM-2021-08-24.pdf>

October 18, 2021: **Sweden’s Karolinska Institute** was unable to provide or cite any record of SARS-CoV-2 isolation/purification for [John Blaid](#). According to John: “*This is the answer they gave me translated from Swedish:*

“Hello John!

The registrar and the communications department at Karolinska Institute have now replied that they do not have access to this information. At present, the university library does not have the opportunity to perform search assignments for external customers. One suggestion is to do a search in the freely available database PubMed. If you have the opportunity to visit us, you can also use other databases. <https://kib.ki.se/om-kib/kontakt-oppettider>

PubMed contains the MeSH term SARS-CoV-2 / isolation and purification, which currently provides 5251 references. <https://pubmed.ncbi.nlm.nih.gov/?term=%22SARS-CoV-2%2Fisolation+and+purification%22&sort=relevance>. ””

Karolinska Institute’s response:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/10/Karolinska-Institute-2021-10-18-3.pdf>

The Dutch Ministry of Health, Welfare and Sport (the Netherlands) provided/cited for the requester no records of actual purification and control experiments to show “SARS-CoV-2” exists:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/12/FOI-RIVM2.pdf>

April 26, 2021: Once again the **Dutch Minister for Health, Well-being & Sport (the Netherlands)** replied to an FOI sent to its agency RIVM (National Institute for Public Health and the Environment) re purification of “the virus”; the Minister provided/cited zero such records for Gabriëlle Rutten, and cited cell culture anti-science instead. Full correspondence:

March 15, 2022:

The **Dutch Minister for Health, Well-being & Sport (Netherlands)** responded to a request for *“reliable evidence that SARS-CoV-2 (or any other so-called virus) has been isolated from an “unadulterated sample from a sick patient” (or a sick animal) and that that so-called virus can be transmitted to another person (or animal) and then cause the same so-called disease there”* with 2 nonresponsive studies that describe the fabrication of “genomes” never shown to correspond to anything in the physical realm, and “isolation” in cell culture (oxymoron).

January 19, 2022:

Department of Health and Social Care, Isle of Man (British Isles) confirmed for Courtenay Adam-Lawrence that they have no record of the following for either the alleged “Omicron” or “Kent Strain” of the imaginary “SARS-COV-2”:

- unique whole genome sequence
- test procedures
- isolation/purification
- contagion
- confirmation that “it” is not simply an in-silico computer made-up model of a strain of a virus:

Feb 18, 2021: The **Isle of Man’s Department of Health and Social Care** admitted in a FOI response to Mr. Steven Gardner that:

- 45 PCR cycles!

and gave false info re sequences used in PCR “tests”. Full unredacted pdf:

August 19, 2022:

Claire O’Connell, acting as Information Compliance Officer at **University of Canterbury, New Zealand**, confessed to Michael S. that they have no scientific proof of the existence of SARS-COV-2:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/09/2022-08-19-University-of-Canterbury-SARS-COV-2-Proof-of-Existence-Redacted-1.pdf>

August 9, 2022:

Jan Torres, acting as Manager, OIA Services, **Ministry of Health, New Zealand**, has confessed to my colleague Michael S. that no one at the Ministry has any records that scientifically demonstrate the existence of “**SARS-COV-2**” or that “it” causes “COVID-19”. Further, they see no reason on Earth to think that any government agency does, and so naturally this makes Michael’s requests “vexatious” and they’d really rather never hear from him again.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/NZ-MOH-no-science-re-Existence-and-Causation-PACKAGE-redacted.pdf>

July 29, 2022:

Back in July, some anonymous man or woman working for Ministerial Services, Labour, Science and Enterprise, **Ministry of Business, Innovation and Employment, New Zealand** confessed to my colleague Michael S. that, despite their quarantine policy, it would be too much work for anyone at MBIE to search their records for any that scientifically prove the existence of SARS-COV-2. They refused Michael’s FOI on this basis, and also claimed that the required records are publicly available, and that they “understand” that the virus exists based on hearsay evidence. Michael followed up with a complaint, seeking remedy via provision of the alleged records or a retraction of MBIA’s claim that the virus exists.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/NZ-Min-Business-Innovd-Employ-no-science-re-existence.pdf>

August/September 2022 update:

An anonymous complaint response letter indicates that “**MBIE formed part of the all of government response to COVID-19**” (sic) and the people at MBIE stand by their reliance on hearsay evidence. Further, they admitted to Michael that “***you are however correct that we cannot identify a specific piece of information which falls within the specific parameters of your request***”, but continued to refuse his FOI based on their assumptions that they 1) do have scientific records and 2) it would take too much work to find them. They concluded by suggesting that Michael give up and talk to the Ministry of Health instead… as if he hadn’t already done that repeatedly [since 2020](#). Michael followed this inanity with another complaint, again seeking remedy via provision of the alleged scientific records or an admission that no such records exist. The latest anonymous complaint response letter from MBIE indicates that they stand by 1) their reliance on hearsay, 2) their assumption that they do have scientific records, and 3) their refusal of the FOI on the grounds that attempting to confirm their assumption would be too much work and would unreasonably impact their criminal-racket operations.

April 8, 2022:

New Zealand's Serious Fraud Office (that rejected a complaint re the covid fraud) admitted to Michael S. that they have no record of the alleged SARS-COV-2 being found in and purified from any disease human on the planet, by anyone, anywhere, ever:

January 28, 2022:

New Zealand's Security Intelligence Service confirmed they have no record of anyone on the planet ever having found the alleged "SARS-COV-2" in the fluids taken from any diseased human, so that "it" could be sequenced, characterized and studied with controlled experiments... to see if "it" actually exists as claimed:

New Zealand's Government Communications Security Bureau admitted they have no record of anyone on the planet ever having found the alleged "SARS-COV-2" in the fluids taken from any diseased human, so that "it" could be sequenced, characterized and studied with controlled experiments... to see if "it" actually exists as claimed:

New Zealand's Ministry of Justice admitted they have no record of anyone on the planet ever having found the alleged "SARS-COV-2" in the fluids taken from any diseased human, so that "it" could be sequenced, characterized and studied with controlled experiments... to see if "it" actually exists as claimed:

December 13, 2021:

New Zealand Defence Force confirmed for Michael S. in NZ that they have no record

describing purification of “SARS-COV-2” from any patient sample on the planet, by anyone, ever:

November 19, 2021:

Tauranga City Council, New Zealand advised the requester that they have no record describing purification of any “SARS-COV-2” or “variants” from any patient sample, by anyone, anywhere… however they do take 24 hour wastewater composite samples, send them to ESR for meaningless “analysis” and “tests” (that have no gold standard and thus are impossible to validate) which are then forwarded to the Ministry of Health.

Because science. Pdf:

August 17, 2022:

Michael S. has been busy again, this time obtaining an admission from **New Zealand’s Institute of Environmental Science and Research (ESR)** that they have **no record showing that the in silico “virus” causes the alleged “COVID-19”**:

July 19, 2022:

Jill Vintiner, acting as Joint General Manager, Health and Environment Group, **Institute of Environmental Science and Research (ESR – crown research institute), New Zealand** has issued yet another confession on behalf of everyone at ESR, this time stating that… they have no record that scientifically proves the existence of the alleged “SARS-COV-2”: <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/NZ-ESR-No-Proof-Of-Existence.pdf>

July 12, 2022:

Jill Vintiner, acting as Joint General Manager, Health and Environment Group, **Institute of Environmental Science and Research (ESR – crown research institute), New Zealand** has issued yet another confession on behalf of everyone at ESR that: they have no record of the phantom “**SARS-COV-2**” (including any “variants”) being found in and purified from the bodily fluid/tissue of anyone on the planet, by anyone,

anywhere, ever. Jill also provided unhelpful, irrelevant links to documentation on nucleic acid isolation kits, claiming they have been used to purify RNA from said phantom never-shown-to-exist “virus”.

(Jill irrationally equates purification of RNA taken from heterogenous soups – i.e. monkey/cow/human/bacteria/fungi mixtures – with purification of RNA from a purely theoretical virus.)

August 23, 2021:

Once again **New Zealand’s Ministry of Health** confirmed for my colleague in NZ that neither they nor New Zealand’s crown research institute, the **Institute of Environmental Science and Research (ESR)**, have any record of the phantom “SARS-COV-2” (including any “variants”) purified from any patient sample on the planet, by anyone, anywhere.

August 26, 2021:

Once again **New Zealand’s** crown research institute, the **Institute of Environmental Science and Research (ESR)**, confirms they have no record of the phantom “SARS-COV-2” (including any “variants”) purified from any patient sample on the planet, by anyone, anywhere:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/NZ-ESR-2021-08-26-Purification-SARS-COV-2-Variants.pdf>

New Zealand’s Ministry of Health and NZ’s crown research institute, the **Institute of Environmental Science and Research** admitted they have no records of “SARS-COV-2” isolation: <https://www.fluoridefreepeel.ca/new-zealand-no-record-of-covid-19-virus-isolation-at-the-ministry-of-health-or-the-institute-of-environmental-science-and-research/>

Here are 5 pages of pure gold, evidencing masterful evasion plus stunning incompetence and/or fraud from **New Zealand’s Ministry of Health**. Instead of providing the requests records of “SARS-COV-2” isolation/purification and proof of accurate diagnostic tests, they blathered about genomes and cultures of the never-isolated imaginary virus; stated that PCR tests have been validated around the world and are the gold standard; and cited a February 2020 preliminary report (“The Pathogenicity of SARS-CoV-2 in hACE2 Transgenic Mice”) that used the so-called “SARS-COV-2” strain that had been concocted

by Zhu et al. and claimed that Koch's Postulates had been fulfilled.

No records describing isolation of SARS-COV-2 from a sample not already adulterated with other genetic material, admits **New Zealand's Department of the Prime Minister & Cabinet**: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/NZ-Prime-Minister-And-Cabinet-Response-scrubbed.pdf>

March 22, 2021, New Zealand's Ministry of Health confirms they still have no record describing purification of "the virus" and hence zero proof of its existence, and they choose to cite fraudulent studies instead (the infamous Harcourt et al. study mentioned above and the Australian paper cited at the top of this page). April 19, 2021, responding to a request that had been forwarded to them by **Prime Minister Jacinda Ardern's Office, the New Zealand Ministry of Health** confirms that no record describing purification of "SARS-COV-2" is held by the Ministry or by any "agency subject to the Act". June 22, 2022:

Kelsey Kennard acting in the Office of the Registrar at **New Zealand's University of Otago** confessed to Michael S. that the paper titled "Characterization of the First SARS-CoV-2 Isolates from Aotearoa New Zealand as Part of a Rapid Response to the COVID-19 Pandemic" by "virologist" **Miguel Quiñones-Mateu** is merely a descriptive paper with no hypothesis and nothing to prove or disprove... in other words Miguel employed no scientific method and his paper cannot accurately be called "science".

Kelsey Kennard acting in the Office of the Registrar at **New Zealand's University of Otago** insisted to Michael S. that the paper titled "Characterization of the First SARS-CoV-2 Isolates from Aotearoa New Zealand as Part of a Rapid Response to the COVID-19 Pandemic" by "virologist" **Miguel Quiñones-Mateu** (which Kelsey **already confessed** is merely a descriptive paper with no hypothesis and nothing to prove or disprove, as shown above) proves the existence of "SARS-COV-2" in New Zealand:

July 19, 2022:

Landon Watt, acting as Legal Advisor for the **University of Auckland, New Zealand** provided my colleague **Michael S.** with a new nonsensical excuse for providing/citing zero records that scientifically demonstrate the existence of the theoretical **SARS-COV-2**:

October 2020 / updated March 2022:

New Zealand's University of Auckland was disappointingly non-cooperative, opting for a sketchy "refusal" of my colleague's request. Let's face it, if the University actually had any such records (that no one else on the planet appears have) and they are publicly available, the University of Auckland would have proudly provided links/citations. But they didn't.

New Zealand's University of Otago, where Professor Miguel Quiñones-Mateu, Ph.D. **claimed months ago** to have "isolated the virus", responded that they too have "no records" describing isolation of SARS-COV-2 from a sample not already adulterated with other genetic material: <https://www.fluoridefreepeel.ca/new-zealands-university-of-otago-claimed-to-have-isolated-covid-19-virus-but-has-no-record-of-it-isolated-from-an-unadulterated-sample-anywhere-on-earth-by-anyone-ever/>

March 30, 2021 New Zealand's University of Otago confirm they still have no record of "SARS-COV-2" isolation/purification, by anyone anywhere. Full response pdf here: <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/04/2021-03-30-University-of-Otago-Purification-of-SARS-COV-2-redacted.pdf>

September 22, 2021:

New Zealand's University of Otago, where researchers claimed last year ago to have "isolated the virus", confirmed once again they actually have no record of "SARS-COV-2" isolation/purification, by anyone, anywhere:

August 1, 2022:

Jim Mercer acts as Chief Operating Officer at University of Waikato in New Zealand. The university published a blog in April 2021 entitled "Sam Bailey on isolating viruses, and why she is wrong". The blog is still posted on the university's website.

Jim confessed to Michael S. that there are no records containing scientific proof of the existence of the alleged SARS-COV-2 at U of Waikato.

October 18, 2022:

My colleague **Michael S.** required **Ayesha Verrall, who plays “Associate Minister of Health” in New Zealand**, to provide her scientific proof of the existence of “**SARS-COV-2**”. Instead, Ayesha sent him links to the strictly in silico transcript called MN908947 that corresponds to nothing in the physical realm (discussed [here](#)), and various other unhelpful webpages. Michael responded by pointing out the uselessness of Ayesha's response and laid out the remedy that he requires of her:

April 29, 2022:

New Zealand Department of Internal Affairs requires fake “covid vaccination” of its

August 18, 2022:

Annabel Kent, acting as Legal Counsel for “**Australia’s national science research agency**”, **Commonwealth Scientific and Industrial Research Organisation** aka CSIRO has confessed to my colleague Michael S. that no one at CSIRO has any records that scientifically demonstrate the existence of “**SARS-COV-2**”. We find this especially interesting given that CSIRO has a so-called dangerous pathogens research team

(<https://sciencejobs.org/posting/7089260>) and people at CSIRO are complicit in so-called “COVID-19 vaccine” trials using the fake “SARS-COV-2 isolate” from Doherty Institute. Pdf: <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/Aug-18-CSIRO-SARS-COV-2-Proof-of-Existence-Redacted.pdf>

November 17, 2023:

The man Greg Hunt at Australia, who calls himself “**The Hon Greg Hunt MP Minister for Health and Aged Care**”, confessed he has no record of anyone on Earth “isolating COVID-19” (sic). And referenced the ludicrous fake-isolation study from the Doherty Institute.

June 16, 2021: **University of Western Australia** – home of Gates-funded researcher **Christine Carson**, who has spent countless hours on social media this past year insisting “*yes the COVID-19 virus has been isolated*” – provided/cited zero records of “SARS-COV-2” isolation/purification from a patient sample, by anyone anywhere ever:

Same admission from **Australia’s Peter Doherty Institute for Infection and Immunity** (which had publicly claimed to have “isolated the virus”).

And, in February 2022, so-called scientists at **Australia’s Doherty Institute** confessed to Marvin Haberland (via Eugene Toh, acting as Information Regulation Officer, University of Melbourne) that they neglected to use adequate controls when “sequencing”/assembling their in silico “SARS-COV-2 genome”, and thus admitted that their result is anti-scientific:

January 27, 2022:

Australia's Commonwealth Scientific and Industrial Research Organisation – CSIRO (“Australia’s national science research agency”) have also confirmed they have no record containing details of any “controls” used in anti-science, so-called “virus isolation” cell culture procedures or “whole genome sequencing” procedures:

The next FOI letter shown in the screenshot below is in response to a request that was submitted **on the advice of Australia's Department of Health**, and has come to us via [John Blaid](#). Addressed to Mary-Jane Liddicoat, the formal but undated letter was authored sometime after March 9, 2021 by **Dr. Nick Coatsworth**, Executive Director of Medical Services, [Canberra Health Services](#) (CHS), **ACT Government (Government of the Australian Capital Territory)**.

[When reviewing Coatsworth's response, bear in mind the following facts provided us by Darren Christison, a journalist in Sydney, Australia: "*This is the same Dr Nick Coatsworth who is the 'poster boy' for the Australian government's push to vaccinate everyone until they urinate the poison, and has been a permanent fixture on TV and online in recent months* (https://www.youtube.com/watch?v=Aep_RKawTWc). He's also the same Dr Nick Coatsworth who recently, according to The Sydney Morning Herald, 'admonished a "hardcore rump of activist doctors" spreading misinformation and undermining vaccine confidence" (<https://www.smh.com.au/national/former-deputy-chief-doc-warns-australia-must-reopen-borders-prepare-for-the-return-of-covid-19-20210514-p57s1u.html>).]

Coatsworth admitted that Canberra Health Services holds no records relevant to the topic of isolating (aka purifying) the alleged "SARS-COV-2". His entire letter is here:

March 19, 2021: **Australian Capital Territory / Canberra Health Services** once again failed to provide / cite any record of "SARS-COV-2" purification from any patient sample on the planet (thus demonstrating that they still have zero proof that "the virus" actually exists). Full communications:

June 2013:

University of Sheffield and (professor) **Carl Smythe** (who have partnered with Paraytec Limited to develop a fake-covid test that “works” in 5 minutes) claim to have records describing “purification” of the imaginary “virus” but they also:

1) define “purification” as a mere ***process*** in which (alleged) biological substances are ***progressively enriched, compared with the original source material*** – not necessarily resulting in separation of alleged “virus” particles from everything else in a sample of bodily fluid/tissue/excrement, and potentially involving the addition of genetic material to the patient sample,

2) refuse to release the records for public scrutiny because doing so would jeopardize their commercial interests:

Once again, folks (or perhaps just an AI platform) at the **UK’s** euphemistically-named **Health Security Agency** failed to provide/cite any record at HSA or **Public Health England** describing purification of the imaginary “**SARS-COV-2**” from a clinical sample, since no such record exists, anywhere on Earth, because virology is pseudoscience:

October 27, 2021:

The **UK's** new euphemistically-named **Health Security Agency** confirmed that they have no records re isolation/purification of the alleged COVID-19 virus. The requester wrote back with a lovely response:

June 30, 2022:

The UK Health Security Agency and Public Health England have confessed once again that they have never found and purified any alleged covid virus from clinical samples (but cagily avoided admitting that they have no record of anyone on the planet ever doing this)… and they provided useless time-wasting links to useless time-wasting webpages… because “science”.

No records of “SARS-COV-2” isolation, admits the **U.K. Department of Health and Social Care** (note: there are not 1, not 2, not 3, not 4, but 5 such responses from DHSC – the most recent dated October 11, 2021): <https://www.fluoridefreepeel.ca/u-k-dept-of-health-and-social-care-has-no-record-of-covid-19-virus-isolation/>

This FOI response from **Metropolitan Police, UK** very strongly suggests that the people involved in their **COVID-19 crime investigation (reference number 6029679/21)** are either:

- 1) wildly unorganized and incompetent, or
- 2) participating in a cover-up of worldwide fraud and crimes against humanity.

We required the people acting for Metro Police to provide records that they ought to have sought as part of their investigation – records describing the first and absolutely essential (but not sufficient) step in proving the existence of the alleged "virus" (**purification from bodily fluid/tissue**), OR, if they have no such records (since none exist anywhere in the world) **studies that in their opinion prove the existence of "SARS-COV-2"**.

The people at **Metropolitan Police** claim that they would need more than 18 hours to search for said records, and hide behind an exemption based on said claim.

See page 22:

"DECISION

This letter is to inform you that it will not be possible to respond to your request within the cost threshold...Please also note that when one part of a request is refused because the cost of completing that part of the request would exceed the appropriate limit, this results in the refusal of the request in its entirety...

REASON FOR DECISION

*Section 12(2) – Exemption where cost of compliance exceeds appropriate limit The Section 12 Exemption applies because **any attempt to fulfil this request would require an extensive manual search to ascertain whether any of the information requested is held...***

The appropriate limit has been specified in regulations and for agencies outside central Government, this is set at £450.00. This represents the estimated cost of one person spending 18 hours [at a rate of £25 per hour] in determining whether

the MPS holds the information and then locating, retrieving and extracting the information.”

(As noted in my response: “[Philip Hyland](#) tells me that one of the first points he made in the crime complaint was that there was an **onus on the MHRA to establish whether the virus really exists**, and he referred to my [worldwide collection of FOIs responses](#) showing that no queried public body held an isolated/purified virus and hence could not scientifically establish existence. I also provided 2 statements to the investigative team, advising them of the FOIs and their significance based on simple logic that anyone can understand.”)

London Mayor’s Office for Policing And Crime (MOPAC) confirmed they have no record of the alleged SARS-COV-2 being found in and purified from any diseased human on the planet, by anyone, anywhere, ever, and that the men in charge of the Metropolitan Police COVID-19 crime investigation (file number 6029679/21) that was wrongfully shut down also have no record to prove “its” alleged existence. The **UK Cabinet Office** once again confirmed for Marc Horn that they have no record of:

- the alleged “virus” having been found in the bodily fluids of any patient on Earth and purified so that “it” could be sequenced, characterized and studied with controlled experiments;
- a unique RNA sequence that is tested for by any testing method which identifies the presence of the imaginary virus and no other genetic material;
- an unique harm caused by the imaginary virus;
- experimental evidence of transmission of the imaginary virus:

Here is a sketchy FOI reply from the **U.K. Medicines & Healthcare products Regulatory Agency** (obtained by Mr. Athanasios Kandias). The agency provided/cited no records re “SARS-COV-2” isolation. Their response includes an (apparently fraudulent) claim that such records are available in the public domain, but they provided zero links/citations despite having been asked for the location of any such records. Regarding “BNT162b2”, the mRNA ingredient in the Pfizer-BioNTech “Covid-19 vaccine” that is transcribed from a genetic template that allegedly encodes the allegedly viral spike (S) protein of the alleged “SARS-COV-2 virus”, **U.K. Medicines & Healthcare products Regulatory Agency** admitted to investigative journalist Frances Leader that: the genetic template on which it (“BNT162b2”) is based “*does not come directly from an isolated virus from an infected person*”, rather it “*was generated via a combination of gene synthesis and recombinant DNA technology*”. West Sussex, UK responded to a series of FOI “wishes” from “Hobbs” for records of **various alleged/ “viruses”** being found and **purified from bodily fluid/tissue/excrement** by anyone, anywhere on the planet, **and/or proving a causal link** between said alleged “virus” and the relevant dis-ease. “The Authority” responded that they had now completed a search for the information and “may” hold relevant records (lol), however rather than handing over the imaginary records that they “may” have, they were choosing to apply an “exemption” based on “vexatious or repeated requests”… which of course makes no sense.

The “viruses” listed in the rejected “wishes” include **“Ebola virus”**.

February 15 and March 9, 2022:

Scotland: The **Scottish government's Directorate for COVID Public Health, COVID: COVID Ready Society** says that having a clear route for synthesising scientific evidence and presenting that to Government is important.

Nevertheless, Jason Carroll also confirmed that the Scottish government has no record of "SARS-COV-2" being found in the bodily fluids of any sick human on Earth and purified... which would be necessary so that "it" could be sequenced, characterized, studied with controlled experiments and shown to exist.

In March 2022, a response to an appeal re the above yielded confirmation – no records.

Another “no records” FOI response from **Public Health England** dated **November 3, 2020**, in response to a request from Athanasios Kandias for records (re SARS-COV-2 isolation) held by the **National Biological Standards Board**.

No records supporting the claim that the alleged “SARS-COV-2 virus” causes “COVID-19” symptoms says **Public Health England**, in response to a query from Marc Horn. Note that PHE cited 3 publicly available studies, none involving isolation of “SARS-COV-2” from a sample not unadulterated with additional genetic material.

September 20: **Public Health England** confirmed for Yvonne Hobbs that it does not hold any information re purification of any “COVID-19 virus” or “variants”.

July 27, 2021: In England, the **Pennine Acute National Health Service Trust** and the **Salford Royal National Health Service Foundation Trust** disclosed in FOI responses:

- that they have in total zero records re “SARSCov2” satisfying Koch’s Postulates (and yes, we know that a strict application of Koch’s would not be possible, even if the imaginary “virus” actually existed; note that these institutions provided plenty of unrequested data but no records whatsoever re “virus” isolation/purification);
- PCR tests have been run with up to 42 cycles;
- <10 children died within 28 days of a positive covid test;
- “cause of death is not recorded in our clinical systems”. Full response:

Britain's Health and Safety Executive confirmed for Athanasios Kandias on November 3, 2020 that they hold no information relating to isolation of "SARS-COV-2".

Here is an exasperating email exchange between myself and **Imperial College London**, home of the disgraced "COVID-19" modeller Professor Neil Ferguson and Public Health England's Deputy Director of National Infection Service and Director of Reference Microbiology Services, British virologist, Professor **Maria Zambon** FMedSci FRCPATH. The College clearly has no records describing "SARS-COV-2" isolation/purification but is unwilling to admit such:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/Imperial-College-London-FOI-exchange-SARS-COV-2-isolation-updated.pdf>

Kepa Ormazabal submitted a Freedom of Information request to **Spain's Ministry of Health** for bibliographic records of studies describing "SARS-COV-2" isolation/purification (*"the term 'isolation' is used in the sense given by the Real Academia Espanola Dictionary"*); the Ministry's response yielded no records:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/Spain-Ministry-of-Health-isolation-request-reply-w-translation.pdf>

September 8, 2021: **Spain's Ministry of Health** provided an uber-evasive response to an organization called Liberum, re isolation/purification, characterization, culturing etc. of the alleged COVID-19 virus. Here are the actual questions posed by Liberum (provided by a member), with an (automated) English translation, and the responses also with an (automated) English translation. The Ministry's total evasion re purification, and their admission that they don't even bother with bogus monkey cell cultures, speaks volumes:

March 7, 2023:

European CDC confessed to having no record of the alleged “**SARS-COV-2 spike protein**” being found in and purified from any people who were diagnosed with fake covid or who received a so-called “mRNA vaccine”.

The request ruled out studies where researchers did something with recombinant aka lab-created “spike protein” or where the alleged protein was “detected” indirectly using a nonspecific test.

Thanks Barbara!

The Director of the European Centre for Disease Prevention and Control, Andrea Ammon, has admitted to having no documentation, even for the ECDC’s methodology to prove that a virus exists, let alone proof of SARS-COV-2:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/DOCUMENT-REQUEST-ECDC-AND-RESPONSE.pdf>

According to the website of **Slovenia’s University of Ljubljana**, their **Faculty of Medicine** has been [involved in](#) “...implementation of the latest molecular diagnostic procedures; an attempt to isolate the virus **in cell cultures** [oxymoron], which is a precondition for testing anti-viral agents and vaccines...”. The Faculty formally admitted on November 30, 2020 to having no record (even obtained from others) of “SARS-COV-2” isolation or proving a causal link to “COVID-19”; also that 40 PCR cycles have been used across Slovenia since the beginning of testing. The Faculty’s original response and an English translation are available here:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/01/FOI-reply-Slovenia-University-of-Ljubljana-re-isolation.pdf>

More recently, **Slovenia’s Ministry of Health** stated that they had no records re “SARS-COV-2” purification, PCR tests, etc. and transferred an FOI request to the **Institute of Microbiology and Immunology (IMI) at the Univerisy of Ljubljana**. The IMI eventually admitted in February 2021 that they have no records re “virus” purification and that PCR

tests have been conducted using up to 40 cycles. Both letters are here:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Slovenian-Dept-Health-transfers-to-IMI-at-U-of-Ljubljana-no-isolation-40-PCR-CT.pdf>

And more recently still, **Slovenia's National Laboratory for Health, Environment & Food (Nacionalnega laboratorija za zdravje, okolje in hrano, NLZOH** – “*the central and largest Slovenian public health laboratory that handles environmental protection, diagnostic and public health microbiological activities, chemical and microbiological analyses of different types of samples, and also performs research activities*”) failed to provide or cite any record of “SARS-COV-2” purification or proof of existence, despite an intervention by the Information Commissioner. NLZOH also cited a “business secret” in responses re queries re PCR testing.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Slovenia-Lab-package-w-translations.pdf>

July 9, 2021: **Slovenia's main medical centre – Univerzitetni klinični center Ljubljana, UKCLJ (University Medical Centre Ljubljana)** – provides/cites zero records of “SARS-COV-2” isolation/purification but nevertheless claims Koch's Postulates are fulfilled, and cites typical “monkey business” papers:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/Slovenia-UKCLJ-request-response-redacted.pdf>

December 22, 2021:

Argentina's National Administration of Laboratories and Health Institutes “Dr. Carlos Malbrán” is described as “*a decentralized public body dependent on the Ministry of Health*”, and is a [Collaborating Center on Antimicrobial Resistance Surveillance](#) with guess “WHO”.

Monica Tous (“Virology Department Head”) responded to Edgar Horacio Russo's request for records describing “SARS-COV-2” purification with a letter about PCR “tests”, “sequencing” of RNA soups, oxymoronic “virus isolation” attempts in monkey cell cultures, and this gem: “*The LNR does not handle the use of the electron microscope.*”

Upon appeal it was admitted “*there are NO records of what was requested under the specified conditions since viral purification is not performed*” (see p 16, 21):

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/Argentina-Natl-Admin-of-Labs-and-Health-Institutes-PACKAGE-not-redacted.pdf>

June 18, 2021: **Argentina's Ministry of Health** strongly suggested in an FOI response to Ana Maria Daverede (re the meaningless "COVID-19" PCR tests) that they too have no record of "the virus" having been purified. In point 4 they mention "***by not having viral isolates available*** ..." (Also in point 9: "*does not serve to discriminate carriage, infection, disease, contagiousness, transmissibility* ...")

Hall of Shame

On February 15, 2021 Kepa Ormazabal submitted an FOI request re isolation/purification of the phantom "virus" to the **Basque Country (Spain) Office of the President and Department of Health** and all dependent institutions. Months later Kepa wrote:

"According to the law, they have 30 days to respond; 60 if the question is especially complex. Today is May 2nd and I have not heard from them."

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Spain-FOI-recd-by-Basque-Country-Office-of-President-and-Dept-of-Health-Feb15-2021.jpg>

On March 30, 2021 Kepa Ormazabal submitted another FOI request re isolation/purification of the phantom "virus" to the **flagship of Spanish research, Consejo Superior de Investigaciones Científicas /Higher Council of Scientific Research** (the image below indicates the reception of the request by the institution).

Months later Kepa writes: *"Again, they have not responded and, therefore, their silence is refusing access to the information they may hold in regards to my question."*

"The CSIC and the Basque government are public institutions and, therefore, must comply with the Ley de transparencia, buen gobierno y acceso a la información pública/Law of transparency, good governance and access to public information. Article 20.4 of this law states that, if after 30 days there has been no response from the public administration, this silence is to be understood as meaning that the request to access the public information solicited has been refused."
