Rog's Directory of Fighters for Liberty in the Battle Against Tyranny
Sources of Counter Paradigm Information, Services, Truth

Roger Golden Brown
Published November 24, 2022 - Updated January 15, 2023

Find this PDF here and lots more Global Coup related material on my Quasar website.

This is a directory of links to websites where you will find information, sources, and services related to and about the fight against a tyranny which has become palpable and in our face since the rollout of the Covid psyop.

As noted in the title, this is my list. There are certainly many good sources that I am simply not aware of and those included are, for the most part, ones that resonate with me.

What also is not included here is the myriad good sites that are predominantly topical news oriented. However there is a section, *Real Journalists*, that is links to what I consider to be a few of really top notch people doing great journalism where I make my humble recommendations about who to check out in a variety of fields of expertise. Apologies to the many many others doing great work.

Also sites that are predominantly blatant partisan political views are not to be found here. Finally, I have not thoroughly vetted every source nor persons behind each website but feel quite confident that they are allies in the fight. As always make up your own mind.

This site is not aligned with any particular political or religious persuasion. Focus is on freedom, natural law and personal responsibility. Questioning everything is always encouraged here.

Websites with Vast Amounts of Information and/or Links

Liberty Galaxy

A mind boggling amount of links to information. The top deep dive in the World section: The Rockefeller Foundation created the WHO & funds U.S. Public Health.

WikiSpooks (original) WikiSpooks (possible alternative address) WikiSpooks (archive)

The Wikispooks website, as of the publication of this document, is down. I leave the original link above in case it comes back up, as well as another possible way to access it that seems to mostly work, and offer an archive link for it, in case it is helpful to anyone.

From the website: Wikispooks was established to facilitate a collective re-examination of recent history. Since 2010 we have gradually focused our research on deep politics (the business of deep state groups) since this

area is not subject to proper scrutiny by corporate media such as Wikipedia.

We are an open source wiki, so unlike Wikipedia all changes to pages are recorded and publicly available. Wikispooks has no bias towards commercially-controlled media or such other establishment institutions - sources are welcomed to the extent that they help shed light on the murky business of deep politics, which by design aims to be difficult to fathom. As a 100% volunteer project, Wikispooks is not beholden to the special interests which define the corporate media.

[Biblioteca Pleyades Index by Areas]

A huge amount of information in Spanish and English. In the *Index by Areas* there are 14 Areas (broad topics), each with many links, each of which goes to a page of links on that sub-topic.

From the website: Information Depot for the Searcher.

[Cryptome]

From the website: Unauthorized disclosures of official secrets are essential for democracy. Cryptome welcomes documents for publication that are prohibited by governments worldwide, in particular material on freedom of expression, privacy, cryptology, dual-use technologies, national security, intelligence, and secret governance -- open, secret and classified documents -- but not limited to those.

[Here Is The Evidence]

This site gives evidence on 3 "Open Cases": Election 2020, Covid-19, Capitol Protest. On each of these three pages there is an incredible amount of information, all with links to the sources, organized in a table and separated by categories, all of which can be sorted, can be searched using a filter, and can be downloaded as a CSV file or printed.

From the website: This is for aggregating publicly available items of evidence that would be admissible in courts, not general news stories.

[John Judge]

Back in the 80's, before you could do research on the internet, there was John Judge, doing amazing research. He was talking about the deep state before most people knew there was one.

From the website: John Judge was an unparalleled historian of the US National Security State. An exemplar earthling, his loyalty was to the human race, not to a flag or a country.

[Discover the Truth About the COVID-19 / "Great Reset" One Button At a Time]

Clay Clarks ReAwaken America Tour website. Many links on many subjects.

From the website: The ReAwaken Tour exists to expose the election fraud, medical fraud, religious fraud, monetary fraud and mainstream media fraud that has been used to push the "Covid-19 Great Reset Agenda."

[Quasar PDF Library - Studies, Papers, Patents, etc. Relevant to the Global Coup]

This is a library of PDFs including studies, papers, and other documents relevant to the coup that is currently underway, many of them from the horse's mouth of some of the major players involved with the coup; a modest attempt to preserve and make available PDFs on many subjects relevant to the current slide into technocratic tyranny, as original source documents are being disappeared regularly.

Climate, Geoengineering

[Geoengineering Watch]

[Geoengineering Weather Modification Patents]

[Documents Related to Geoengineering Weather Modification]

Deep, incredibly thorough dive into geo-engineering, weather and climate manipulation by Dane Wigington.

[ClimateViewer News]

Website by Jim Lee is an depth look at many aspects of climate change and geoengineering. Lots of material. Check out the top menu bar pages including two that link to separate pages: Weather Modification History and Maps.

[Weather Modification History] (includes a Newspaper & Journal Vault page)

From the page: Welcome to Weather Modification History (WMH), the world's most comprehensive weather control archive with hundreds of verified historical facts, images, and videos. WMH's compelling evidence is easy to browse, exceedingly accurate, and encyclopedic in scope.

[Our Weather Is Controlled]

From the Climate Change Agenda website: This website is intended to bring public awareness to the ongoing and decades in development global

climate engineering operations which have long since rendered natural weather a thing of the distant past. Every day around the world there are dozens of companies conducting hundreds of weather modification programs and altering global weather patterns, yet the vast majority of the general public have no idea such Godlike capabilities even exist.

[Watts Up With That?]

From the website: The world's most viewed site on global warming and climate change. Now that WUWT has become the most viewed (and arguably the most well-known) website in the world on climate related issues, I feel a sense of duty to keep people informed. I also feel a duty to make known what I see as the untold story of the climate debate from the climate skeptic side.

[Grand Solar Minimum Resources]

Quite a few links to climate related information.

From the website: Our Sun has begun a 30 year cycle of decreased activity termed a Grand Solar Minimum and known by it's more common effect "Global Cooling". The most intense cycles occur roughly every 396 years with a medium cooling cycle every 207 years.

From 2016 forward global temperatures will cool 1.5-3C which will have a dramatic impact on weather patterns and global food production. This is the greatest threat, not the cold itself to the human population.

[Ice Age Farmer Wiki - Grand Minimums History]

From the website: The purpose of this wiki is to act as a shared resource for our community as we map a path forward to prosperity, build resilient, self-sufficient communities, and share knowledge in the Grand Solar Minimum.

[A Walk On The Natural Side]

From the website: Jim Steele: I am an ecologist. I received a Masters in Biology from San Francisco State University where I served as SFSU's Director of the Sierra Nevada Field Campus from 1984 to 2010. During that time, I was also the principal investigator for the U. S. Forest Service's Neotropical Migratory Bird monitoring in Riparian Habitats on the Tahoe National Forest and initiated the partnership for the successful Carman Valley Watershed Restoration project.

Below are 4 more links to pages on Jim Steele's website on particular subjects with lots of information. Separate links are offered because it's not obvious how to get there from the main page.

Medical Groups and Alliances

[Canadian Covid Care Alliance]

From the website: Independent, science-based evidence to empower Canadians. It's time to stop the mandates, the passports, the inoculation of children, all of it. In our latest video “Dispelling the Myth of A Pandemic of the Unvaccinated” we reveal shocking truths using Ontario’s own public health data.

[World Council for Health]

The World Council for Health is a non-profit organization for the people, that is informed and funded by the people. Participants of the alliance include some familiar names: Dolores Cahill, Heiko Schöning, Andrew Kaufman, Scott Jensen, Dr. Vernon Coleman.

[The Alliance for Human Research Protection]

Vera Sharav, President, Meryl Nass, MD, and more.

From the website: The Alliance for Human Research Protection (AHRP) is a national network of lay people and professionals who are committed to upholding the humanitarian values and ethical standards of medicine enshrined in the Hippocratic Oath: "*First, do no harm*"; the Nuremberg Code (1947): "*The Voluntary informed consent of the human subject is absolutely essential";* and the UNESCO Universal Declaration on Bioethics and Human Rights (2005): "*Any preventive, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information*."

[Global Covid Summit Press Conference]

Among the participants: Robert Malone and Peter McCullough.

From the website: 17,000 physicians and medical scientists declare that the state of medical emergency must be lifted, scientific integrity restored, and crimes against humanity addressed.

We, the physicians and medical scientists of the world, united through our loyalty to the Hippocratic Oath, recognize that the disastrous COVID-19 public health policies imposed on doctors and our patients are the culmination of a corrupt medical alliance of pharmaceutical, insurance, and healthcare institutions, along with the financial trusts which control them.

[Truth for Health Foundation]

President and Chief Executive Officer: Dr. Elizabeth Lee Vliet, MD, Chief Medical Advisor: Dr. Peter McCullough, MD.

From the website: Vision: We envision a world where people choose their path to live fully as human beings according to the physical and spiritual laws of life as God designed us.

point of causing a great tear in the fabric of society, established PANDA (Pandemics Data & Analytics) in April 2020. As a politically and economically independent organisation, PANDA seeks to develop science-based explanations and test them against international data. Policy recommendations for governments and other institutions can be developed from these. PANDA stands for open science and rational debate, for replacing flawed science with good science and for retrieving liberty and prosperity from the clutches of a dystopian “new normal”.

[Public Health and Medical Professionals for Transparency]

From the website: This nonprofit, made up of public health professionals, medical professionals, scientists, and journalists exists solely to obtain and disseminate the data relied upon by the FDA to license COVID-19 vaccines. The organization takes no position on the data other than that it should be made publicly available to allow independent experts to conduct their own review and analyses. Any data received will be made public on this website.

[Doctors for COVID Ethics]

From the website: We are hundreds of doctors and scientists from all corners of the globe.

In the absence of crucial safety data, we are demanding the immediate withdrawal of all experimental gene-based COVID-19 vaccines. We oppose vaccine passports, which threaten public health and violate Nuremberg and other protections. We are warning that ‘health passes’ place coercive pressure on citizens to submit to dangerous medical experimentation, in return for freedoms that once were human rights.

[United Kingdom Medical Freedom Alliance]

From the website's About Us page: We are calling for:

Informed consent laws and guidelines to be adhered to for all testing, medical treatments and vaccines. Respect for the legal and ethical right to refuse testing, medical interventions and vaccines without penalties or restrictions. Full transparency of safety and effectiveness data for trials involving therapeutic agents or vaccines, to allow independent scrutiny and evaluation and to enable legally valid consent to be obtained. An ethical approach to COVID-19 and all future pandemics, based on focused protection of the vulnerable, to allow population immunity to develop safely while limiting collateral damage to society.

[Great Barrington Declaration]

From the website: As infectious disease epidemiologists and public health scientists we have grave concerns about the damaging physical and mental health impacts of the prevailing COVID-19 policies, and recommend an approach we call Focused Protection.

The Declaration was written from a global public health and humanitarian perspective, with special concerns about how the current COVID-19 strategies are forcing our children, the working class and the poor to carry the heaviest burden. The response to the pandemic in many countries around the world, focused on lockdowns, contact tracing and isolation, imposes enormous unnecessary health costs on people.

Groups and Individuals Who Focus on a Particular Aspect

Catherine Austin Fitts, financial focus.

From the website: Our mission is to provide actionable intelligence to help you live a free and inspired life. We believe that personal and family wealth is a critical ingredient of individual freedom and community health and well-being.

[James Roguski]

James Roguski's focus is following the World Health Organization's attempt to create a world-wide treaty that will give them the ability to unilaterally make health decisions abrogating national and individual sovereignty.

Real Journalists

This section includes just a handful of the many people dedicating themselves to bringing light to the darkness that the mainstream Big Box narrative would have us live in. Featured are several standouts in their fields of journalism.

[Corbett Report]

James Corbett has a long history of getting to the essence of propaganda and technocratic overreach and has produced a huge body of videos (and some articles) including a number of exceptional documentaries.

[Unlimited Hangout]

In the field of overall deep researcher I recommend: Whitney Webb.

Whitney Webb is unparalleled in her ability to do research and make connections. She has given many great interviews (look for them online)

and also writes articles revealing some of the most important things that are going on, unnoticed by most.

[Technocracy News & Trends]

In the field of researching technocracy I recommend: Patrick Wood.

Patrick Wood has been investigating the rascals with a long standing focus on technocrats and technocracy before most of us knew there was such a thing.

[21st Century Wire]

[Global Research]

In the field of articles both by staff and guest writers I recommend two websites: 21st Century Wire and Global Research.

Both of these websites and their guest writers have been since long before Covid doing great investigative work looking into the shenanigans of the bad actors.

[Maria Zeee]

[Sarah Westall]

In the field of video interviews I recommend two video channels: Maria Zeee and Sarah Westall.

Both are quite prolific, posting interviews regularly with interesting guests; getting into important aspects concerning the state of the world.

And to all those (listed here or not), who are fully committed to keeping up the fight as long as necessary, thumbs up to you and a heartfelt thanks.
