Each year since the series began, James Corbett has done a year end review of the previous year's shows. This show looks at the solutions offered this past year. What is Solutions Watch?, you might ask.

From James' intro to the first Solutions Watch, January 7, 2021:

Welcome to #SolutionsWatch, a new regular podcast series from The Corbett Report that seeks to examine the movements, technologies, activities and philosophies that purport to provide solutions to the problems that we face and to highlight the work of activists who are making a difference. Let's work together to make the world a better place.

Below are the show notes from the video, [2023 Year in Review - #SolutionsWatch](#), published by James Corbett, December 29, 2023.
