This document is James Corbett's show notes from the October 9, 2023 video, [WHO's Principal Legal Officer Tries To Reinterpret Rules, Pass International Health Regulations Amendments Without the Public Knowing What Is in Them](#).

The original video was published on the Children's Health Defense website with Meryl Nass and guests James Corbett (journalist and documentarian extraordinaire) and James Roguski (the person who has done the most meticulous and deep diving into the World Health Organization's ongoing attempt to create a new "Pandemic Treaty" and to amend the 2005 International Health Regulations.

The WHO has set a goal of meeting to finalize their efforts in May of 2024. This is hugely important. It cannot be overstated how far reaching the implications of what the WHO is trying to do is. Reflecting the gravity of this, on James Corbett's website (show notes on the same page) he gave the video the title, [A Million People Need to Share This Video on CHD TV](#). And they do.

Please check out my PDF titled, [Sources for The WHO's Proposed Pandemic Treaty and Proposed Amendments to the 2005 International Health Regulations](#), which is an extensive document of sources for information about the WHO's power grab.

Please distribute the links to the video and to this PDF and to the above linked-to PDF far and wide.
