No-Virus Preface

It is important to recognize that humans have a tendency to believe in some things that are absorbed as part of the culture and to accept them as true, but it behooves us to sometimes stop, take a look around and lend a critical eye as to whether our beliefs are based on reality. Not having proof that something exists does not mean it doesn't exist. However, without proof, one has to be very cautious about basing action on a theory.

It is important to remember that the Germ Theory is just that - a theory. Some "germs" such as bacteria are known to exist; they can be seen and observed. However, the nature of the correlation between dis-ease and the presence of bacteria is theory. Do they cause dis-ease or is their presence because they are nature's janitors? It's an important question if one wants to get to the core of what dis-ease in the body is, where it comes from and how best to recover or maintain health in the first place.

But that is a discussion for another time. This PDF and the others in this *No-Virus Package* are concerned with another theorized "germ": the virus. Unlike bacteria, viruses cannot be observed and the evidence of their existence and the idea of spreading or catching them is mostly based on correlation; numbers of people seeming to get "sick" at the same time, exhibiting similar symptoms.

What is usually referred to as being "sick" is the body's activities where its focus is to eliminate that which it recognizes as needing to be eliminated - this is a "healing crisis". The nature and intensity of the healing crisis depends not only on what needs to be eliminated but also on the overall health and integrity of the body. Viewing dis-ease in this light is often referred to as "terrain theory".

There are many people who believe that what medical dogma characterizes as the body's response to a virus has, in reality, nothing to do with a foreign contagious particle; rather the symptoms (the dis-ease) are the body's efforts to cleanse itself.

This is hugely important for two main reasons. One is to liberate ourselves from the Bad Guy bug vs. the Good Guy drug mentality. If viruses aren't causing the dis-eases that they are claimed to, then we are led on a wild goose chase for a "cure", away from the reality of what is happening in our bodies and the consequent learning of how best to achieve health and how best to regain health when one feels unwell. And similarly, if

viruses aren't causing "outbreaks" then we must look critically to first determine if there really is an outbreak and if there is, then look for other possible causes, such as toxins and other shared environmental conditions.

And reason number two is that without the fear of contagious particles being emitted by our fellow humans and lurking everywhere, ready to wreak havoc, the State loses its most powerful tool of control over us.

Sam Bailey Videos Show Notes Preface

Sam Bailey and her husband Mark are among the many medically trained professionals who have come to adopt this no-virus, yes-terrain belief. Both have written articles and books about the subject. And since shortly after the rollout of Covid, Sam has been making videos, digging into the fallacies of virology and offering alternative explanations for being "sick".

I have made two other PDFs of Show Notes for Sam Bailey's videos characterized on her website under the headings of *Germ Theory* and *Viruses Unplugged*. This PDF is a catalogue of miscellaneous *Other No-Virus Related* videos Sam has made. The index items link to a section for each video with a link to the video on her website, Sam's intro for the video, and her References; links to sources for the video. Her videos can also be seen (in higher resolution) on her [Dr Sam Bailey Substack page](#).

Sam Bailey has also done videos that address related subjects such as the Covid response and State overreach. Those are not included here but can be found on her website or Odysee channel.

See also PDFs of mine for Show Notes of her videos in the *Viruses Unplugged* category and one for *Germ Theory* Videos. These three PDF are accompanied by another source PDFs of mine on the subject, *Sources for No-Virus Articles, PDFs, Videos, Websites*. See also my [No-Virus web page](#) for new documents to come or updates to these documents.

Sneak-Peek: The Viral Delusion

March 19, 2022

Get a sneak peak behind the scenes with the creators of The Viral Delusion!

Mark & I were lucky enough to be part of this phenomenal documentary series.

In this video I interview producers Mike Wallach and Diarra Leslie to find out how they worked out that the emperor has no clothes with regards to not only viruses but germ theory as well.

Kevin Corbett: We're Falsifying The Hypothesis

April 13, 2022

I've just had a wonderful conversation with **Dr Kevin Corbett** who is a PhD qualified nurse, health scientist and private researcher.

Dr Corbett was one of the first to call fraud on Covid-19 back in 2020. His rich experiences in clinical nursing and academic medicine allowed him to see the parallels with HIV/AIDS.

We talked about:

- meeting Princess Diana in the 1980s
- how “pandemics” can be invented with new tests
- how fear based narratives influence people
- why pharmaceuticals can be a death sentence
- why “evidence based medicine” is destroying healthcare
- the corruption of medical journals and his involvement in the Eurosurveillance Corman-Drosten retraction paper

...plus much more!

[The Covid Chronology with Eric Coppolino](#)

April 26, 2022

Recently, I have been fortunate to have connected with the inspiring [Eric Coppolino](#), who is based in New York State. Eric has an incredible history of exposing scientific fraud and [environmental pollution cover-ups](#). He was one of the first to start investigating the [Covid-19 scam](#) and is putting something big together to help all of us who are questioning the narrative.

We talked about:

- the problems with the [PCR](#)
- how Eric realised there was no SARS-CoV-2 “virus”
- nuclear waster contamination cover-ups
- how to be a [citizen scientist](#)
- COVID-19 Chronology and much more...

[The Virus Cover Story with Jon Rappoport](#)

July 12, 2022

I've just interviewed the one and only Jon Rappoport, who launched his website [nomorefakenews.com](#) over 20 years ago. Jon is now 84 years old but continues with his prolific output and is always at the forefront of exposing global scams.

We talked about:

- identifying the COVID-19 fraud in early 2020
- why he started investigating virology 35 years ago
- why people need the virus narrative
- the state of the health freedom movement
- plus much more!

[Baileys vs Spacebusters](#)

July 23, 2022

The Drs Bailey take on the hilarious Steve Falconer – the man behind Spacebusters.

[David Parker & Dawn Lester Interview](#)

September 3, 2022

Drs Mark and Sam Bailey had the privilege to speak with renowned authors David Parker and Dawn Lester.

In December 2019, after 10 years of research they published a book called [What Really Makes You Ill?](#) which took the world by storm.

They are both humble, softly spoken and worth listening to.

We discuss [their book](#) and:

- Their journey of awakening, including other books that influenced them
- The nature of reality
- Nutrition – plant based vs meat/dairy
- David’s experience of vaccination
- Myth of the immune system
- Rift in the truther movement

and much more!

[“Viruses” – Baileys, Cowan & Kaufman Respond To Del Bigtree](#)

September 4, 2022

In a recent [interview](#), Del Bigtree suggested that the world is not ready for the “no virus” conversation.

We take a different view, which is why the [“Settling The Virus Debate” Statement](#) was launched.

Dr Sam and Mark Bailey are joined by [Dr Tom Cowan](#) and [Dr Andy Kaufman](#) to analyse Bigtree’s strategy. We discuss why we believe the COVID-19 situation should be used to unravel not only the virus model, but the fraud of germ theory as well.

[Marvin vs Virology: Covid Taken To Court](#)

October 8, 2022

Many of us know that the virologists have not been following the [scientific method](#) and have no evidence that viruses exist. One of their biggest problems is that they [don't perform valid controls](#) in their experiments.

German engineer Marvin has worked out a way to get a public admission that SARS-CoV-2 has not been shown to exist. When Marvin broke “corona” legislation, the German authorities unwittingly took the bait.

If they want to convict him, they will have to justify the fraudulent nature of virology in a public court.

The virologists better come up with some decent excuses fast...

[Toxicology vs Virology – Rockefeller Institute and the Criminal Polio Fraud](#)

October 15, 2022

[F. William Engdahl](#) is an award-winning geopolitical analyst, strategic risk consultant, author, professor and lecturer. In July 2022, he published a brilliant essay titled “Toxicology vs Virology” that exposed the Rockefeller Institute’s role in creating virology. Using Polio as an example, it outlines how fictional “viruses” are used to advance medical tyranny.

He revealed:

- Flexner’s fraudulent experiments
- The corruption of the American Medical Association
- How the Rockefellers controlled the Polio narrative
- The real causes of Poliomyelitis
- How it relates to COVID-19 and current globalist agendas.

and much more!

[Jim West: The Toxicology Taboo](#)

October 29, 2022

[Jim West](#) is a legendary researcher and [author](#), although he tends to keep a low profile. You may have seen his work, but not known where it was from. He has uncovered a massive amount of evidence to support his hypothesis that persistent pesticides caused [The Great Polio Epidemic](#), post-WWII.

Much of his research has led to the same conclusion that [viruses are being used as a cover story](#) for the real causes of disease. Jim ties together science, psychology and spirituality and I could listen to him all day.

With no political or career conflicts of interest, he is able to critique the professional medical establishment in areas of scientific truth that most people are too afraid to go near.

Here is what he said about:

- His journey of discovery and greatest influences
- The virology scam
- The Polio/DDT charts
- The corruption of the medical establishment
- The *health freedom movement* – virus promoters vs no virus group
- History of germ theory and the need to protect industry (going back to the Bible)
- Political vs Scientific Truth
- What individuals can do to combat medical tyranny

[Baileys & Cowan Respond to Kevin McKernan](#)

December 8, 2022

Recently, the CSO of Medicinal Genomics, Kevin McKernan spoke to the Medical Doctors for COVID Ethics International group. He was challenged by journalist, [Eric Coppolino](#), about the lack of evidence for SARS-CoV-2 and pathogenic viruses. McKernan made various claims that we believed needed to be addressed.

[Dr. Tom Cowan](#) and Dr. Mark Bailey join me to demystify the virological and biotechnological nonsense.

[Runaway Virology – Marvin Wins In Court](#)

May 5, 2023

I last interviewed [Marvin Haberland in October 2022](#), when he was challenging a court fine in Germany. He had deliberately broken “corona” legislation to expose the [fraudulent nature of virology](#). He argued that because virology does not follow the [scientific method](#), any penalty notices issued under their Infectious Diseases legislation were illegal.

Marvin finally went to court on 26 April 2023. Listen to what happened and where this might go next as virology derails...

November 19, 2023

Roman Bystrianyuk has been researching the history of diseases and vaccines since 1998. He co-authored the book [Dissolving Illusions](#) in 2013 and continues to expose many of the false historical health stories we have all been taught since childhood. I recently interviewed Roman as he prepares the 10th anniversary edition of *Dissolving Illusions*. As always his research data is impeccable and now he has turned his attention to the [inconsistencies of germ theory](#) as well.

Here is what he said about:

- how the book *Dissolving Illusions* came about
- his journey of awakening
- problems with germ theory
- polio, smallpox and the white plague
- his health recommendations
- censorship and vaccine laws

[ViroLIEgy with Mike Stone](#)

December 23, 2023

Mike Stone is the creator of [viroLIEgy.com](#), which scrutinizes the world of virology and [germ theory](#) and exposes their gaping scientific and logical flaws. Mike is completely self-taught and woke up to the [problems of virology](#) after a particularly saddening personal experience.

Once the [COVID-19 fraud](#) began, Mike felt compelled to share his own research findings and now has one of the world's most extensive repositories of information surrounding alleged viruses. Mark and I talked with him for 2 hours and the time just flew by. He is honourable, humble and one of the kindest people you will ever meet.

Here is what he said about:

- the censorship of his work
- his background and interaction with allopathic medicine
- his family experience with vaccines
- the catalyst that started his virology research
- his decision to speak out publicly
- accusations of being a “psy-op”
- the “diagnosis” and “testing” problem within the allopathic paradigm and how to move forward
