### May 18 and 27, 2024 Update

As we have arrived at the date of the World Health Assembly meeting May 27, 2024, where they were to decide on the treaty and IHR amendments, this section has some topical PDFs including US Senators, Attorneys General, and Governors rejecting the WHO. Also a May 27 WHO PDF stating their failure to reach consensus.

[Intergovernmental Negotiating Body to Draft and Negotiate a Who Convention, Agreement or Other International Instrument on Pandemic Prevention, Preparedness and Response](#), May 27, 2024

The last line of their page titled, Outcome Of The Intergovernmental Negotiating Body (INB) To Draft And Negotiate A Who Convention, Agreement Or Other International Instrument On Pandemic Prevention, Preparedness And Response:

"The INB did not reach consensus on the text."

June 10, 2024 Update

In spite of the encouraging news that the WHO admitted that they didn't have a consensus, it appears that they did go ahead and approve some "targeted amendments".
