The End of Germ Theory is a video made by Spacebusters. It is an extensive two and a half hour deep dive into the fallacious theories that are virology. The narrator cites and reads from many documents throughout the video. This is a list, in order of appearance in the video, of PDFs that were referred to in the video.

See my PDF, *The End of Germ Theory - Links to the Source Material Used in the Video*, on the [No-Virus](#) page of my Quasar website for all the related material (PDFs and linked-to web pages) referred to in the video.
