KLA.tv is a Swiss online video channel that produces videos that are like mini documentaries on many people and subjects that are part of the ongoing globalist agendas, as well as occasional interviews and other related material. Their website is translated into 88 languages and most videos are translated into numerous languages. They are on a mission to spread the information to enlighten the people of the world.

Check out their web page here: [KLA.tv/en](https://kla.tv/en)

For many or most of the videos they also publish PDFs of the text and of extensive links to sources used in the video. At the top of each of the PDFs is a link to the video. For the videos they also offer a download button with a choice of resolution.

The links below are limited to the PDFs for their videos that I have seen.
